Beatniks Head For Home after Rowdy Hearing

Un-American Activities Committee Winds Up Cuba Visit Episode

WASHINGTON (AP) — One of the most violent episodes in the controversial history of the House Committee on Un-American Activities has ended.

A beatnik-tinged tide of students and their followers has decamped from Congress after two days of hearings on a trip which 59 of their number made to Cuba this summer despite a State Department ban.

Time and again, outbursts of applause and shouts of "tyranny" caused scores of policemen to swoop down and wrestle them out of the Old House Office building.

Each time they landed on the sidewalk they cried out against "police brutality." There was no doubt the cops did not treat them gently.

Many wore beards, denim work shirts, blue jeans and sandals.

The most serious outbreak came Friday.

Kathy Prensky was asked if she was a member of a Progressive Labor Student Club, which the committee called a Communist splinter group.

Her voice trembling with emotion, she said: "Yes, because I believe socialism is the way to end racism and under socialism we can have congressmen who are truly representative and who are not elected because Negroes are not allowed to vote."

A sharp outburst of applause greeted this reply.

Police began grabbing the loudest clappers and hustling them toward the door. "Leave them alone," cried others. "Tyranny!" someone shouted over and over.

"Down with HUAC! Down with HUAC!" cried a youth as he was marched to the door—HUAC referring to House Un-American Activities Committee.

Several girls squirmed out of the grasp of the police and slumped to the floor; they started screaming outside as they were propelled down the stairs.

At least 13 persons were rushed out of the building and tossed down the front steps of the building, which is across Independence Avenue from the capitol.

The avowed purpose of the hearings was to determine if new laws are needed to prevent Americans from traveling to Cuba. But much of the questioning of the committee counsel, Alfred Nittle, was aimed at linking the trip with the Progressive Labor Organization, which he said was founded by two Communists expelled from the party for devianism.

The witnesses all tried to make these points: that there was no law against their going to Cuba only a State Department regulation; that the right to travel is guaranteed to them under the Constitution; and that the committee is illegally prying into their private affairs and associations.

They called the committee's fitness on Thursday a "rat," a "creep" and a "liar." He was Barry Hoffman, 26, a Bostonian who notified the FBI and the Central Intelligence Agency he was going on the trip.

Hoffman said it was no ordinary American student group, that ordinary American students would not cheer a film of Mao Tse Tung or of an American helicopter being shot down in Viet Nam, as he said this group had done in Cuba.

Burglary Suspect Sleeps Through His Arrest

SOUTH BEND, Ind. (AP) — A burglary suspect, sprawled on a display lawn chair inside a drug store and surrounded by liquor bottles, slept through his arrest Friday.

Police said Kari Harris, 40, of South Bend, snoozed peacefully as they handcuffed him to the chair and checked the store for missing items. They awakened him then and took him to jail.

Harris, clad in a bathrobe, had an assortment of liquor bottles and cigarettes beside him. Two of the bottles were opened.

OUT OF ORDER — A screaming demonstrator is carried down the steps of the House Office building after she was denied admittance to a session of the House Un-American Activities Committee hearing dealing with students who visited Cuba despite a State Department ban.

Vatican Eyes Possible Spread Of Orthodox Boycott of Rome

VATICAN CITY (AP)—Intense interest focused today on whether other Eastern Orthodox churches will follow the Greek lead, boycott the Vatican Ecumenical Council and reject papal appeals for unity with the Roman Catholic Church.

The forthcoming Pan-Orthodox Conference at Rhodes, Greece, took on new significance following rejection Friday by Greek Orthodox Primate Chrysostomos of any hope for reunion with the Vatican.

The Rhodes meeting Sept. 29, will decide whether Orthodox churches should accept a Vatican invitation to the second council session, which opens 10 days later. One of the council's chief aims is to find ways to unite Christendom.

There was no official Vatican reaction to Archbishop Chrysostomos' attack on the Roman Catholic Church. But several Vatican prelates concerned with Eastern churches appear optimistic that most Orthodox churches will send observers to the council.

One Vatican prelate suggested that the very harshness of Chrysostomos' words might have a reverse effect on the rest of orthodoxy. He said the others meeting in Rhodes might hesitate to reject the Vatican invitation because it could imply agreement with the Greek primate and damage moves toward Christian unity.

The Greek Orthodox have counted themselves out. First their 12-man holy synod, or ruling body, said it would boycott the Rhodes conference. Then the synod tried unsuccessfully to get the Greek government to forbid use of the island of Rhodes.

Finally Archbishop Chrysostomos denounced the Roman Catholic Church as "centralist and absolutist." He said it would be fruitless for any Orthodox churchmen to attend the Vatican council and declared that Orthodox-Catholic unity "is unattainable on doctrinal and other grounds."

A year ago the Orthodox church struggled with the question of whether to accept an invitation from Pope John XXIII to attend the Oct. 11, 1962, council opening. They decided against it.

Appearing on a taped radio television program, Miller, who is on the doubtful list, said that if the Russians offer some second-step agreement toward world peace after the treaty's ratification, it might help re-elect President Kennedy.

On the other hand, he said, if the Russians violate the pact, they might influence the voters to elect a Republican.

Goldwater, regarded as one of the contenders for the GOP presidential nomination and an avowed opponent of the treaty, told Miller.

Quints Are Born to Wife Of South Dakota Clerk

Test Pact Debate May Go 3 Weeks

WASHINGTON (AP) — The Senate debate on the limited nuclear test ban treaty may extend into a third week, Sen. Mike Mansfield said today. He called for "early and late" sessions to move it toward a vote.

The Senate Democratic leader told newsmen he would prefer to have the ratification vote by next weekend but "if need be we will continue early and late sessions into the third week, including Saturdays."

The first early session will be Monday after the Senate returns from a weekend off.

The Republican and Democratic leadership had tried to speed things along by asking the Senate for unanimous consent to move from debate on the treaty itself to the resolution of ratification.

But Sen. Strom Thurmond, D-S.C., who opposes the treaty, blocked the move by refusing his consent.

Thus there's no way to get a vote on pending reservations under the present parliamentary situation.

Now that the first week of debate is completed treaty supporters have counted heads and believe they have a minimum of 80 votes, far more than the two-thirds necessary for ratification—67 if all 100 senators vote.

During the so-called great debate, proponents generally have praised the pact as a "first step" and a "ray of light." Opponents, while conceding they have little chance of defeating it, have called for reservations to the ratification.

Sen. Barry Goldwater, R-Ariz., and Sen. Jack Miller, R-Iowa, contended today a Soviet follow-up on the treaty could influence the 1964 election one way or the other.

Appearing on a taped radio television program, Miller, who is on the doubtful list, said that if the Russians offer some second-step agreement toward world peace after the treaty's ratification, it might help re-elect President Kennedy.

On the other hand, he said, if the Russians violate the pact, they might influence the voters to elect a Republican.

er, "I couldn't agree with you more." But he declared the treaty "is entirely in favor of Mr. Khrushchev — Mr. Khrushchev holds the club."

Friday's Senate debate was highlighted by speeches by two key members of the Senate Preparedness Subcommittee, one for and the other against the ratification of the treaty which would bar all nuclear tests except underground.

Sen. John Stennis, D-Miss., the subcommittee chairman, asked its rejection as "a gigantic game of Russian roulette" and a possible "pact of national suicide." He said the Russians may leapfrog ahead of the United States in nuclear weapons under its terms.

He spoke after Sen. Henry M. Jackson, D-Wash., a member of the subcommittee and head of the atomic weapons subcommittee, announcing support for the treaty, termed its risks serious but acceptable.

The babies were delivered over a period of an hour and 40 minutes, between 1:30 a.m. and 3:10 a.m. at St. Luke's hospital.

Attending doctors described Mrs. Fischer as "pretty tired" following the five births, which required about an hour and a half but involved no surgery.

The births were about two months short of the usual nine-month gestation period. Physicians at the hospital said it is not unusual for multiple births to occur before nine months.

The babies were not weighed immediately. Mrs. Fischer's physician, Dr. James Berbos, said the births presented some difficulties because four of the children were breech deliveries although one arrived in the usual headfirst position. In the hospital nursery this morning, however, all five babies were described as "getting along fine."

Dr. Berbos said the Fischers were told Wednesday, following an x-ray examination, that the mother was carrying quintuplets. She had entered the hospital that day, he said, because she had been having some difficulty in getting around.

"About half an hour after the doctor told her," Fischer said of his wife and the news that she was to bear the five children, "she started crying, and she cried all night."

As for himself the 38-year-old father said: "I don't know how I took the news. In fact, I don't think I came to for a couple of days."

The first of the five babies was born about 1:30 a.m. (CST) today. Fischer was called and reached the hospital half an hour later. He said he spent the rest of the night smoking two packs of cigarettes and drinking a lot of coffee.

"I don't usually drink coffee," he remarked, "except for breakfast at the warehouse."

Of the five children the Fischers had before today the eldest is Danny, 7, the youngest Denise 3½. In between are Charlotte, 6, Julie, 5, and Evelyn, 4½.

The family recently moved to a farm at the edge of Aberdeen and bought two cows, "so we'd have plenty of milk for the kids," Fischer said.

The five children are the second set of quintuplets born in the Western Hemisphere in a week. Last Saturday in Maracaibo, Venezuela, five boys were born almost two months premature to Mrs. Cuervo de Prieto, a 34-year-old grandmother who has five children by a previous marriage.

The first verified birth of quintuplets in the Western Hemisphere was that of the Dionne sisters in Canada on May 28th 1934.

One of the five, Emile, died in 1954. The other four, Annette, Cecile, Marie and Yvonne, still are living.

Friday 13th Is Lucky For 38-Game Loser

GREENVILLE, Ohio (AP) — There was a bit of pandemonium in Ansonia Friday night.

Over the past several years, Ansonia High's football team had lost 38 straight games—the latest by a 60-0 count in the 1963 opener.

But Friday the 13th being what it is, the final score this time was Ansonia 6, Riverside 0.

The last previous Ansonia victory came on Oct. 24, 1957. The score? Ansonia 6, Lakeview 0.

Health Chieftain Named

COLUMBUS, Ohio (AP) — Dr. Robert Vogel of Montgomery County was named president-elect of the Ohio Conference of Health Commissioners and Dr. John Morley of Akron was installed as president at the conference's annual meeting here Friday.

An AEC spokesman described the more powerful of the two tests as an "intermediate range" explosion — in AEC parlance, the equivalent of somewhere between the yield of 20,000 and 1 million tons of TNT.

The quake was powerful enough to be measured in Berkeley, Pasadena, and San Diego, Calif.

The larger of the two tests came at 10 a.m. In Pasadena, the California Institute of Technology registered the tremor seconds later.

Dr. Charles Richter, a noted earthquake expert, said "Unless there was an amazing coincidence, almost certainly the tremors felt in Las Vegas around 10 a.m. Friday morning were caused by the nuclear detonation at the nuclear test site at that time."

4 Girls, Boy Doing Fine; So Is Mother

ABERDEEN, S.D. (AP) — Five babies — four girls and a boy were born today to the 30-year-old wife of a grocery shipping clerk.

Doctors said the mother, Mrs. Andrew Fischer, and the babies were all in good condition.

"I don't make the most money in the world," said the 38-year-old father. "It does present some problems — how I'm going to take care of them, along with the five we have."

The Fischers have two other sons and three daughters, the eldest 7.

The babies were delivered over a period of an hour and 40 minutes, between 1:30 a.m. and 3:10 a.m. at St. Luke's hospital.

Attending doctors described Mrs. Fischer as "pretty tired" following the five births, which required about an hour and a half but involved no surgery.

NON-STOP TALKFEST — In a surprise meeting, Mme. Ngo Dinh Nhu of South Viet Nam talks while Senator Edward (Ted) Kennedy listens in Belgrade. The wife of President Ngo Dinh Diem's brother "discussed at length her side of the picture," Kennedy said. Mme. Nhu said "We didn't discuss politics — there were ladies present and you can't talk politics with the ladies."

Viet Nam Pupil Rioting Spreads

Demonstrators Rap Diem's Government

SAIGON, Viet Nam (AP)—Students in three south Vietnamese cities rioted today against president Ngo Dinh Diem's regime, reliable sources said.

Word that the schoolboy rebellion had spread from Saigon to the countryside came as Diem announced that martial law throughout South Viet Nam would end at noon Monday, after a 27-day state of siege. The announcement said all administrative functions would revert to civilian agencies.

The sources said 6,000 students in the mountain capital of Dalat, 140 miles northeast of Saigon, barricaded themselves in four or five high schools in a shouting, brick-throwing demonstration that was quelled by armed Vietnamese soldiers.

Smaller demonstrations were reported in high schools in Bien Hoa, 30 miles north of Saigon, and Vinh Long in the Mekong Delta 65 miles south of Saigon.

Hundreds of students were carted away to detention camps in all three cities, informants said.

Saigon, which has been the scenes of dozens of similar demonstrations in the past week, was reported quiet today as students again attended classes under armed guard.

Nearly 3,000 school pupils and university students have been arrested in Saigon. More than 1,000 were reported still in detention camps.

Reliable sources said a strike by doctors and interns in four hospitals run by the Saigon University faculty of medicine ended this morning with the release of a professor and his wife and daughter who had been arrested earlier in the week.

Where the Negro wants equality, the Indian asserts he is entitled to more than that—every advantage enjoyed by the whites, plus recognition as survivors of a once sovereign power.

War councils to obtain those aims met in Bismarck this past week, during the 20th annual convention of the National Congress of American Indians. The congress claims to represent some 400,000 of the estimated 600,000 Indians on reservations across the country.

Beatniks Head For Home after Rowdy Hearing

Un-American Activities Committee Winds Up Cuba Visit Episode

WASHINGTON (AP) — One of the most violent episodes in the controversial history of the House Committee on Un-American Activities has ended.

A beatnik-tinged tide of students and their followers has decamped from Congress after two days of hearings on a trip which 59 of their number made to Cuba this summer despite a State Department ban.

Time and again, outbursts of applause and shouts of "tyranny" caused scores of policemen to swoop down and wrestle them out of the Old House Office building.

Each time they landed on the sidewalk they cried out against "police brutality." There was no doubt the cops did not treat them gently.

Many wore beards, denim work shirts, blue jeans and sandals.

The most serious outbreak came Friday.

Kathy Prensky was asked if she was a member of a Progressive Labor Student Club, which the committee called a Communist splinter group.

Her voice trembling with emotion, she said: "Yes, because I believe socialism is the way to end racism and under socialism we can have congressmen who are truly representative and who are not elected because Negroes are not allowed to vote."

A sharp outburst of applause greeted this rally.

Police began grabbing the loud-est clappers and hustling them toward the door. "Leave them alone," cried others. "Tyranny!" someone shouted over and over. "Down with HUAC! Down with HUAC!" cried a youth as he was marched to the door—HUAC referring to House Un-American Activities Committee.

Several girls squirmed out of the grasp of the police and slumped to the floor; they started screaming outside as they were propelled down the stairs.

At least 13 persons were rushed out of the building and tossed down the front steps of the building, which is across Independence Avenue from the capitol.

The avowed purpose of the hearings was to determine if new laws are needed to prevent Americans from traveling to Cuba. But much of the questioning of the committee counsel, Alfred Nittie, was aimed at linking the trip with the Progressive Labor Organization, which he said was founded by two Communists expelled from the party for deviationism.

The witnesses all tried to make these points: that there was no law against their going to Cuba; that a State Department regulation; that the right to travel is guaranteed to them under the Constitution; and that the committee is illegally prying into their private affairs and associations.

They called the committee's fitness on Thursday a "rat," a "creep" and a "liar." He was Barry Hoffman, 26, a Bostonian who notified the FBI and the Central Intelligence Agency he was going on the trip.

Hoffman said it was no ordinary American student group, that ordinary American students would not cheer a film of Mao Tse Tung or of an American helicopter being shot down in Viet Nam, as he said this group had done in Cuba.

Burglary Suspect Sleeps Through His Arrest

SOUTH BEND, Ind. (AP) — A burglary suspect, sprawled on a display lawn chair inside a drug store and surrounded by liquor bottles, slept through his arrest Friday.

Police said Kari Harris, 40, of South Bend, snoozed peacefully as they handcuffed him to the chair and checked the store for missing items. They awakened him then and took him to jail.

Harris, clad in a bathrobe, had an assortment of liquor bottles and cigarettes beside him. Two of the bottles were opened.

Vatican Eyes Possible Spread Of Orthodox Boycott of Rome

VATICAN CITY (AP)—Intense interest focused today on whether other Eastern Orthodox churches will follow the Greek lead, boycott the Vatican Ecumenical Council and reject papal appeals for unity with the Roman Catholic Church.

The forthcoming Pan-Orthodox Conference at Rhodes, Greece, took on new significance following rejection Friday by Greek Orthodox Patriarch Chrysostomos of any hope for reunion with the Vatican.

The Rhodes meeting Sept. 29, will decide whether Orthodox churches should accept a Vatican invitation to the second council session, which opens 10 days later. One of the council's chief aims is to find ways to unite Christendom.

There was no official Vatican reaction to Archbishop Chrysostomos' attack on the Roman Catholic Church. But several Vatican prelates concerned with Eastern churches appear optimistic that most Orthodox churches will send observers to the council.

One Vatican prelate suggested that the very harshness of Chrysostomos' words might have a reverse effect on the rest of orthodoxy. He said the others meeting in Rhodes might hesitate to reject the Vatican invitation because it could imply agreement with the Greek primacy and damage moves toward Christian unity.

The Greek Orthodox have counted themselves out. First their 12-man holy synod, or ruling body, said it would boycott the Rhodes conference. Then the synod tried unsuccessfully to get the Greek government to forbid use of the island of Rhodes.

Finally Archbishop Chrysostomos denounced the Roman Catholic Church as "centralist and absolutist." He said it would be fruitless for any Orthodox churchmen to attend the Vatican council and declared that Orthodox-Catholic unity "is unattainable on doctrinal and other grounds."

"The Orthodox world will never be disposed to accept the infallibility of the Pope," he said. A year ago the Orthodox church struggled with the question of whether to accept an invitation from Pope John XXIII to attend the Oct. 11, 1962, council opening. They decided against it.

Birmingham Mayor Urges Students Return to School

BIRMINGHAM, Ala. (AP) — Mayor Albert Boutwell has urged white students to get back in school after a week of boycotting classes to protest integration.

"You are not accomplishing any purpose by staying out of school," Boutwell told students who jammed his office Friday.

Boutwell talked to some teenagers after about 500 had spent most of the day roaming from school to school trying to drum up sympathy walkouts. Boycotts continued here and in Tuskegee but attendance improved in the three newly integrated Birmingham schools.

Police said there were complaints of Negroes throwing rocks at motorists Friday night in one area of Birmingham, but no serious incidents were reported.

In other developments: —Gov. George Wallace said in Baltimore that President Kennedy will lose next year's election because of the racial issue. He said anyone was preferable to Kennedy. Wallace, appearing on a television panel, got both boos and applause.

—The Army said 75 Alabama National Guardsmen in the Tuskegee area would be released from standby duty at midnight, leaving only 470 on alert in Birmingham and Tuscaloosa. Kennedy federalized the guard Tuesday to block Wallace from using the soldiers to prevent integration.

Teenage demonstrators swarmed into a Birmingham city park Friday to chant anti-integration slogans and yell after they had driven from one school to another, drawing relatively few students into the boycott.

Then 150 tried to get in Boutwell's city hall office. All but 25 were sent back outside. The mayor, who as a state senator wrote laws aimed at preserving segregation, warned the teen-agers against unruly demonstrations.

No one was heard to complain to the Atomic Energy Commission, which touched off two underground tests Friday. Few even bothered to call police or newspapers. No damage was reported.

The quake was powerful enough to be measured in Berkeley, Pasadena, and San Diego, Calif. The larger of the two tests came at 10 a. m. in Pasadena, the California Institute of Technology registered the tremor seconds later.

Dr. Charles Richter, a noted earthquake expert, said "Unless there was an amazing coincidence, almost certainly the tremors felt in Las Vegas around 10 a. m. Friday morning were caused by the nuclear detonation at the nuclear test site at that time."

An AEC spokesman described the more powerful of the two tests as an "intermediate range" explosion — in AEC parlance, the equivalent of somewhere between the yield of 20,000 and 1 million tons of TNT.

Three Uniontown girls in Miss Schmitts were injured. They are Pat Dallas, 14, and her sister, Cathy, 17, and Janet Sue Craiglow, 15.

The victims were Mr. and Mrs. Lyn Harkcom, 27 and 25, and Darlene Schmitt. Sheriff's deputies said Harkcom and Miss Schmitt were driving.

Quints Are Born to Wife Of South Dakota Clerk

Test Pact Debate May Go 3 Weeks

WASHINGTON (AP) — The Senate debate on the limited nuclear test ban treaty may extend into a third week, Sen. Mike Mansfield said today. He called for "early and late" sessions to move it toward a vote.

The Senate Democratic leader told newsmen he would prefer to have the ratification vote by next weekend but "if need be we will continue early and late sessions into the third week, including Saturdays."

The first early session will be Monday after the Senate returns from a weekend off.

The Republican and Democratic leadership had tried to speed things along by asking the Senate for unanimous consent to move from debate on the treaty itself to the resolution of ratification.

But Sen. Strom Thurmond, D-S.C., who opposes the treaty, blocked the move by refusing his consent.

Thus there's no way to get a vote on pending reservations under the present parliamentary situation.

Now that the first week of debate is completed, treaty supporters have counted heads and believe they have a minimum of 80 votes, far more than the two-thirds necessary for ratification—67 if all 100 senators vote.

During the so-called great debate, proponents generally have praised the pact as a "first step" and a "ray of light." Opponents, while conceding they have little chance of defeating it, have called for reservations to the ratification.

Sen. Barry Goldwater, R-Ariz., and Sen. Jack Miller, R-Iowa, contended today a Soviet follow-up on the treaty could influence the 1964 election one way or the other.

Appearing on a taped radio television program, Miller, who is on the doubtful list, said that if the Russians offer some second-step agreement toward world peace after the treaty's ratification, it might help re-elect President Kennedy.

On the other hand, he said, if the Russians violate the pact, they might influence the voters to elect a Republican.

Goldwater, regarded as one of the contenders for the GOP presidential nomination and an avowed opponent of the treaty, told Miller.

Earthquake Is Linked to Nuclear Tests

LAS VEGAS, Nev. (AP) — An earthquake shook this gambling resort city just after a powerful nuclear blast was fired underground 80 miles away—and an authority says the blast "almost certainly" caused the tremor.

In Las Vegas, where the most carefully studied natural phenomena are the laws of chance, the citizens took the shaking with characteristic aplomb.

No one was heard to complain to the Atomic Energy Commission, which touched off two underground tests Friday. Few even bothered to call police or newspapers. No damage was reported.

The quake was powerful enough to be measured in Berkeley, Pasadena, and San Diego, Calif. The larger of the two tests came at 10 a. m. in Pasadena, the California Institute of Technology registered the tremor seconds later.

Dr. Charles Richter, a noted earthquake expert, said "Unless there was an amazing coincidence, almost certainly the tremors felt in Las Vegas around 10 a. m. Friday morning were caused by the nuclear detonation at the nuclear test site at that time."

An AEC spokesman described the more powerful of the two tests as an "intermediate range" explosion — in AEC parlance, the equivalent of somewhere between the yield of 20,000 and 1 million tons of TNT.

er, "I couldn't agree with you more." But he declared the treaty "is entirely in favor of Mr. Khrushchev — Mr. Khrushchev holds the club."

Friday's Senate debate was highlighted by speeches by two key members of the Senate Preparedness subcommittee, one for and the other against the ratification of the treaty which would bar all nuclear tests except underground.

Sen. John Stennis, D-Miss., the subcommittee chairman, asked its rejection as "a gigantic game of Russian roulette" and a possible "pact of national suicide." He said the Russians may leapfrog ahead of the United States in nuclear weapons under its terms.

He spoke after Sen. Henry M. Jackson, D-Wash., a member of the subcommittee and head of the atomic weapons subcommittee, announcing support for the treaty, termed its risks serious but acceptable.

Youth Arrested For Auto Theft

Juvenile Fails To Heed Warning Shots in Chase

A 16-year-old Circleville juvenile is in jail today following a "wild" auto chase on Route 23, north of the city, by local authorities.

The juvenile is being held on charges of auto larceny and was taken into custody by city police after a pursuit in autos and on foot.

Noah Schaffer, 331 Huston St., reported to city police that his auto had been stolen between 9-11 p. m. yesterday. A bulletin was issued to authorities in this area to be on the "lookout" for the stolen car.

At 1:51 a. m. today Wesley Barton and Larry Pontious, city patrolmen, spotted the Schaffer vehicle on W. Main Street and attempted to stop the auto. However the juvenile in the stolen car resisted the officers' attempt and headed towards Route 23 at a high rate of speed. Officers fired several shots at the vehicle, but to no avail. The chase continued.

CITY Patrolmen Homer Adams, in a second cruiser, joined the chase on Route 23. The juvenile crossed the median of Route 23 and continued driving north in the southbound lane with his lights out. Patrolman Adams, using spotlights on the cruiser, illuminated the stolen car from the northbound lane as four autos approached in the southbound lane. The quick thinking of Adams was commended by Chief Robert Temple today.

Temple said that by using the cruiser's spotlights, Adams probably prevented a head-on crash.

As the autos approached the car headed north in the southbound lane, they drove to the side of the road and the darkened vehicle went between them and continued up Route 23 to the Apple House Auto Parts. He attempted a left turn, but was travelling too fast and skidded into guard railing.

The pursuit continued on foot as state patrolmen and sheriff's deputies reported on the scene to assist.

Harold Tate, who resides in the area, warned Barton as the barefoot 16-year-old came up behind him and the youth was taken into custody. Time of apprehension was 2:10 a. m.

According to police, the juvenile has a court record and has repeatedly "been in trouble."

Health Chieftain Named COLUMBUS, Ohio (AP) — Dr. Robert Vogel of Montgomery County was named president-elect of the Ohio Conference of Health Commissioners and Dr. John M. Wiley of Akron was installed as president at the conference's annual meeting here Friday.

4 Girls, Boy Doing Fine; So Is Mother

ABERDEEN, S.D. (AP) — Five babies — four girls and a boy were born today to the 30-year-old wife of a grocery shipping clerk.

Doctors said the mother, Mrs. Andrew Fischer, and the babies were all in good condition.

"I don't make the most money in the world," said the 38-year-old father. "It does present some problems — how I'm going to take care of them along with the five we have."

The Fischers have two other sons and three daughters, the eldest 7.

The babies were delivered over a period of an hour and 40 minutes, between 1:30 a. m. and 3:10 a. m. at St. Luke's hospital.

Attending doctors described Mrs. Fischer as "pretty tired" following the five births, which required about an hour and a half but involved no surgery.

The births were about two months short of the usual nine-month gestation period. Physicians at the hospital said it is not unusual for multiple births to occur before nine months.

The babies were not weighed immediately. Mrs. Fischer's physician, Dr. James Berbos, said the births presented some difficulties because four of the children were breech deliveries although one arrived in the usual headfirst position. In the hospital nursery this morning, however, all five babies were described as "getting along fine."

Dr. Berbos said the Fischers were told Wednesday, following an x-ray examination, that the mother was carrying quintuplets. She had entered the hospital that day, he said, because she had been having some difficulty in getting around.

"About half an hour after the doctor told her," Fischer said of his wife and the news that she was to bear the five children, "she started crying, and she cried all night."

As for himself the 38-year-old father said: "I don't know how I took the news. In fact, I don't think I came to for a couple of days."

The first of the five babies was born about 1:30 a. m. (CST) today. Fischer was called and reached the hospital half an hour later. He said he spent the rest of the night smoking two packs of cigarettes and drinking a lot of coffee.

"I don't usually drink coffee," he remarked, "except for breakfast at the warehouse."

Of the five children the Fischers had before today the eldest is Danny, 7, the youngest Denise 3½. In between are Charlotte, 6, Julie, 5, and Evelyn, 4½.

The family recently moved to a farm at the edge of Aberdeen and bought two cows, "so we'd have plenty of milk for the kids," Fischer said.

The five children are the second set of quintuplets born in the Western Hemisphere in a week. Last Saturday in Maracaibo, Venezuela, five boys were born almost two months premature to Mrs. Cuervo de Prieto, a 34-year-old grandmother who has five children by a previous marriage.

The first verified birth of quintuplets in the Western Hemisphere was that of the Dionne sisters in Canada on May 28th 1934.

One of the five, Emile, died in 1954. The other four, Annette, Cecile, Marie and Yvonne, still are living.

Friday 13th Is Lucky For 38-Game Loser GREENVILLE, Ohio (AP) — There was a bit of pandemonium in Ansonia Friday night.

Over the past several years, Ansonia High's football team had lost 38 straight games—the latest by a 60-0 count in the 1963 opener.

But Friday the 13th being what it is, the final score this time was Ansonia 6, Riverside 0.

The last previous Ansonia victory came on Oct. 24, 1957. The score? Ansonia 6, Lakeview 9.

NON-STOP TALKFEST — In a surprise meeting, Mme. Ngo Dinh Nhu of South Viet Nam talks while Senator Edward (Ted) Kennedy listens in Belgrade. The wife of President Ngo Dinh Diem's brother "discussed at length her side of the picture," Kennedy said. Mme. Nhu said "We didn't discuss politics — there were ladies present and you can't talk politics with the ladies."

Viet Nam Pupil Rioting Spreads

Demonstrators Rap Diem's Government

SAIGON, Viet Nam (AP)—Students in three south Vietnamese cities rioted today against president Ngo Dinh Diem's regime, reliable sources said.

Word that the schoolboy rebellion had spread from Saigon to the countryside came as Diem announced that martial law throughout South Viet Nam would end at noon Monday, after a 27-day state of siege. The announcement said all administrative functions would revert to civilian agencies.

The sources said 6,000 students in the mountain capital of Dalat, 140 miles northeast of Saigon, barricaded themselves in four or five high schools in a shouting, brick-throwing demonstration that was quelled by armed Vietnamese soldiers.

Smaller demonstrations were reported in high schools in Bien Hoa, 30 miles north of Saigon, and Vinh Long in the Mekong Delta 65 miles south of Saigon.

Hundreds of students were carted away to detention camps in all three cities, informants said.

Saigon, which has been the scenes of dozens of similar demonstrations in the past week, was reported quiet today as students again attended classes under armed guard.

Nearly 3,000 school pupils and university students have been arrested in Saigon. More than 1,000 were reported still in detention camps.

Reliable sources said a strike by doctors and interns in four hospitals run by the Saigon University faculty of medicine ended this morning with the release of a professor and his wife and daughter who had been arrested earlier in the week.

Where the Negro wants equality, the Indian asserts he is entitled to more than that—every advantage enjoyed by the whites, plus recognition as survivors of a once sovereign power.

War councils to obtain those aims met in Bismarck this past week, during the 20th annual convention of the National Congress of American Indians. The congress claims to represent some 400,000 of the estimated 600,000 Indians on reservations across the country.

"I am sending a dollar bill, which is my allowance for the week. It is not enough, I know, but it is all I have right now. I hope it will help a little bit."

The contribution was one of more than 1,100 that have poured into the National Association for the Advancement of Colored People for the education of Medgar W. Evers' three children.

Evers, the NAACP's field secretary for Mississippi, was shot in the back outside his home in Jackson, Miss., June 12.

The fund totals \$44,163.57. The first contributions arrived even before the NAACP considered establishing a fund.

Saxbe Off for Training COLUMBUS, Ohio (AP) — Atty. Gen. William B. Saxbe left today for a two-week tour of active duty at the U.S. Naval Air Station, Norfolk, Va.

Family Friend Sought for Slaying Pair

YOUNGSTOWN, Ohio (AP) — Rifle bullets killed a Youngstown woman and her 15-year-old son in their South Side home about 1 a. m. today. A statewide alarm was put out for a man who had been visiting the house Friday night.

Mrs. Beatrice Knight, 33, and her son, Thomas, 15, were slain in a first-floor room of their home in the Brownlee section. Her husband, Thomas, was upstairs at the time, he told police.

Coroner's investigator Stanley Goldich said a pickup order had been broadcast for Donald George 37, whose last known address was nearby Struthers.

Goldich said Knight told him George visited the home Friday night and remained downstairs with the boy watching television after the parents retired upstairs.

George and Knight worked for the same landscaping company and had been a family visitor on previous occasions, Knight told Goldich.

The father said he and his wife heard a shot downstairs and she went down to investigate and was shot.

Indians File Racial Demand

BISMARCK, N.D. (AP) — While the nation's attention is focused on the battle for Negro civil rights the native American Indian is waging his own independence struggle in reverse.

Unlike the Negro, who demands integration with the white man, the Indian is fighting to remain a separate and distinct race.

Where the Negro wants equality, the Indian asserts he is entitled to more than that—every advantage enjoyed by the whites, plus recognition as survivors of a once sovereign power.

War councils to obtain those aims met in Bismarck this past week, during the 20th annual convention of the National Congress of American Indians. The congress claims to represent some 400,000 of the estimated 600,000 Indians on reservations across the country.

"I am sending a dollar bill, which is my allowance for the week. It is not enough, I know, but it is all I have right now. I hope it will help a little bit."

Annual Farm Science Review Is Scheduled

Latest Equipment, Techniques Offered During 3-Day Event

By GEORGE HAMRICK
County Extension Agent, Agriculture

The 1963 Farm Science Review, to be held Sept. 25, 26, and 27, will allow people to observe the latest equipment and techniques modern science has to offer in the production of food and fiber. Many machines actually will be operating in the fields — picking corn, combining soybeans, chopping corn for silage, drying grain, shredding stalks, and plowing.

In addition, participants will view tents of machinery, equipment, and displays, exhibits portraying the latest advances in farm science and technology; field demonstrations of numerous crops; and swine feeding trials.

Field demonstrations at the Farm Science Review will include about 114 different corn hybrids and 12 soybean varieties, plus forage plots and demonstrations of tillage methods, chemical weed control, fertilization practices, corn populations, soybean row spacings, and weed and insect control.

At the Ohio Swine Evaluation Station the visitors will see feeding trials and a large exhibit of swine equipment. One feeding demonstration will compare British and American swine rations. Different groups of pigs fed the different rations will be on display.

SOIL and water conservation practices, many of them applicable to Pickaway County land, will be demonstrated in one area. Spectators may watch heavy equipment actually construct a multiple purpose lake for a water supply, recreation, wildlife protection.

Practices to be placed in effect in this area will include fish management, pond management, vegetative control, and filtering systems. Near the lake site the visitors may see Christmas trees, windbreaks, and a recreation area with cabin and picnic grounds.

County Agent Hamrick said plans for the big farm show have been under way since last November when committees were appointed to draw up a blueprint for an event which would dramatize automation and mechanization in agriculture. Major objectives of the Farm Science Review, Hamrick pointed out, are to demonstrate the latest advances in farm machinery and equipment, to illustrate current scientific and practical findings in farm production and management, and to present through educational exhibits the latest developments in agricultural science and technology.

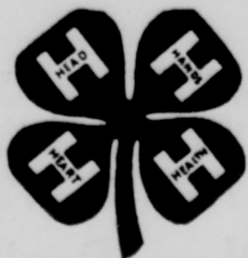

"The Review has much to offer farmers of Pickaway County," agent said. "They may see modern farming in action, talk with scientific people who are working to develop new farming techniques, and compare a wide range of practices, equipment, and supplies for possible use in their own operations."

The Farm Science Review is sponsored by The Ohio State University, the Ohio Agricultural Extension Service, the Ohio Agricultural Experiment Station, and the Ohio Expositions Commission. It is being staged three days, Sept. 25, 26, and 27 on farmland adjoining Don Scott Field, The Ohio State University airport in northwestern Franklin County immediately south of State Route 161. Tickets for the Review may be purchased at the Extension Office at a reduced cost.

Cows need more water per unit of body weight than other farm animals. A cow producing 80 pounds of milk a day may drink as much as 300 pounds of water.

WEATHER STATION — This weather station at the Ohio Farm Science Review site, near Columbus, includes maximum and minimum thermometers and a rain gauge. Dr. Gordon Ryder, OSU extension agronomist, is seen here checking high and low air temperature readings. This is one of about 75 weather stations throughout Ohio that records weather data for scientific study.

4-H Club News

By EDWIN D. TAYLOR
County Extension Agent, 4-H

By EDWIN D. TAYLOR
County Extension Agent, 4-H
About 750 Ohio 4-H club members and 150 advisors will take part in the 46th annual Ohio 4-H Club Congress at the Ohio State University Sept. 14-18.

This year's theme is "Citizenship — The Key in '63 For: Our Community, Our World, Our Government, Ourselves". A general assembly program will be devoted to each subject contained in the theme.

Several outstanding speakers are scheduled to appear at the Congress. They include Jesse Owens, former Ohio State University and Olympic track star; Charles Vetter, training officer, United States Information Agency; Dr. Jerome Folkman, Temple Israel, Columbus; and Chalmers Wylie, state representative from Franklin County.

Congress activities will include campus career exploratory tours, state finals in the 4-H safety talk, a mock legislative session at the state capitol, and recreation. The 4-H advisors will take part in most of the same activities as the 4-H members, plus some special sessions. Dr. Russ Mawby, assistant director of 4-H club program at Michigan State University, will speak at a special assembly for advisors.

Thirteen youths, advisors, and an extension agent will represent Pickaway County at Ohio 4-H Club Congress. A trip to Club Congress is one of the highest awards that 4-H members can achieve.

Larry Vance has been selected by the State 4-H Staff to be a counselor at Club Congress. The county 4-H awards committee selected four boys and four girls from the county to receive trips to Club Congress. These 4-H members are Sheryl Wood, Beth Rieck, Kathy Reese, Page Miller, Drexel Poling, Byron Rose, Larry Downs and Roe Riegel.

These eight youths are sponsored by local businesses and civic groups who pay for their scholarships. The scholarships are sponsored by the Circleville Kiwanis

Homemaker News

By MISS EMMA LOU TACKETT
Home Economics Agent

By EMMA LOU TACKETT
Associate County Extension Agent, Home Economics

School has started once again and the children are out of the house most of the day. Perhaps you are rushing around in the mornings trying to get your husband off to work and the children off to school. At the same time you are trying to get breakfast and get the lunches packed. Why not prepare sandwiches during the day and freeze them. This can eliminate some of the morning rush.

Lunches packed at home to be eaten at work or at school should be patterned after a good basic lunch or supper pattern. This pattern includes the following foods: a protein rich food (meat, eggs, poultry, fish, cheese, legumes and nuts), a vegetable or fruit or both, bread-butter or margarine, simple dessert, and milk.

Foods which are prepared several hours before they are eaten and are subjected to temperatures which are much higher than some foods should be kept safely will eliminate those foods which may spoil and cause illness. Ham, chicken, and custards are foods to avoid in hot weather.

To prepare such a lunch requires some planning and management. Plan to have on hand foods on your cupboard shelf, in the refrigerator, and freezer as well as in the bread box, which will enable you to plan and prepare lunches quickly and easily. Good use of your freezer will enable you to prepare sandwiches in advance to last two or more weeks. And it will enable you to have on hand baked products for such simple baked desserts as well as a variety of other foods to add interest, satisfaction and good nutritive value to the lunches you pack.

A LUNCH box with ample space for sandwiches, fruit, raw vegetable and simple dessert with space at the top or side for a half pint thermos bottle makes it possible to prepare a lunch which is tasty satisfying and nutritious as well as one which provides desirable variety.

The lunch box when opened should be attractive and appealing. Place heavier packages to the bottom of the box and lighter ones on top. If sandwiches are stood on end in the lunch box they do not soak up so much filling. Time can be saved if all the equipment for packing the lunch is kept in one place.

Wash the lunch box daily in clean hot water with plenty of soap or detergent, rinse and dry well. Leave the lid open to air overnight so it keeps sweet smelling.

Wrap each food in waxed paper. Sandwich bags may be used for sandwiches, cakes, cookies, pickles, vegetables or any food needing to be wrapped. Pack two napkins in the lunch box. One napkin may be used as a table cover.

A thermos bottle may be used to carry hot or cold beverages or food such as soup, stew, chili, milk, fruit juice or cocoa. A wide mouth bottle makes it possible to pack foods with a thick consistency as well as liquids. Keep the thermos clean, well aired and sweet smelling.

Wash the bottle in a hot soda water bath frequently. Wash the cork or rubber stopper, scrub with a brush, and if it is absorbed odors, boil it in soda water. When hot food is to be packed fill the thermos first with very hot water, allow it to stand for 3-5 minutes, then drain and fill immediately with hot food. Fill with very cold water first before filling with cold food.

PAPER or plastic containers with lids are most satisfactory for carrying salads, stewed fruits and pudding. Small glass jars with screw top lids may also be used but paper ones can be discarded after use and lessen labor.

Other supplies you may need in a lunch box are: Individual salt and pepper shakers, and a knife, fork and spoon. The shakers should be small and may be paper, wooden or plastic. The silverware may be plastic also.

Happy lunch packing.

Sinatra Is 'Innocent' On Nevada Accusation
NEW YORK (AP) — "I don't know what the hell they're talking about," Frank Sinatra said today when asked about Nevada Gaming Control Board charges that he entertained an underworld kingpin at his Cal-Neva lodge on Lake Tahoe.

Sinatra refused to say whether he knew Nomo Salvatore (Sam) Giancana, named by the Justice Department as a ruler of "Cosa Nostra" (our thing), a Mafia crime syndicate.

4 Ex-Deputy Sheriffs Get Prison Terms

CANTON, Ohio (AP)—Four former Stark County sheriff's deputies were sentenced to Ohio Penitentiary terms of from one to 15 years yesterday by Common Pleas Judge John Rossetti in connection with thefts and burglaries during their tours of duty.

Sentence of a fifth deputy was put off until Monday morning. All five entered guilty pleas to charges contained in secret indictments returned last February.

Involved was a string of thefts going back over a period of several years and scattered throughout the county. The loot ranged from bowling balls to evergreen trees. The former deputies sentenced are:

Paul C. Decker, 38, North Canton, concurrent sentences of one to 15 years and one to seven years.

James Brown, 31, Canton, concurrent sentences of one to 15 years and one to seven years.

Russell Downey, 30, Navarre, sentence of one to 15 years.

Ronald A. Covell, 31, Massillon, concurrent sentences of one to two years and one to seven years.

Samuel C. Wright, 60, East Sparta, sentence scheduled for Monday morning.

Jackson OKs Test Treaty

WASHINGTON (AP)—Sen. Henry M. Jackson came out today in favor of the limited nuclear test ban treaty, saying its risks are serious but acceptable.

The Washington Democrat, who served as President Kennedy's Democratic national chairman during the 1960 presidential campaign, had been generally regarded as one of the treaty's principal critics.

In his announcement today, Jackson said he was compelled to conclude from the evidence that the agreement involves "serious — perhaps even formidable — military and technical disadvantages." But he added that with assured safeguards for the nation's security, "I believe that the Senate may prudently give its advice and consent to ratification."

Traffic Bureau Chief Rushes To Avoid Fine

DENVER, Colo. (AP) — Orville Holben rushed to pay \$12 for three overtime parking tickets and late penalties after getting a warning from the city Thursday.

Holben is director of the traffic violations bureau of Denver Municipal Court.

Gov. Rhodes Frowns On Long Honeymoon

COLUMBUS, Ohio (AP)—An extended honeymoon in Florida could cost the job of an Ohio Pardon and Parole Commission member. Gov. James A. Rhodes' office indicated yesterday.

Member Gloria Karpinski, of Cleveland, who married U. S. District Judge Frank J. Battisti last Aug. 10, telephoned that she now plans to return Sept. 23. Her vacation began Aug. 5.

John McElroy, the governor's

Annual Farm Science Review Is Scheduled

Latest Equipment, Techniques Offered During 3-Day Event

By GEORGE HAMRICK
County Extension Agent, Agriculture

The 1963 Farm Science Review, to be held Sept. 25, 26, and 27, will allow people to observe the latest equipment and techniques modern science has to offer in the production of food and fiber. Many machines actually will be operating in the fields — picking corn, combining soybeans, chopping corn for silage, drying grain, shredding stalks, and plowing.

In addition, participants will view tents of machinery, equipment, and displays, exhibits portraying the latest advances in farm science and technology; field demonstrations of numerous crops; and swine feeding trials.

Field demonstrations at the Farm Science Review will include about 114 different corn hybrids and 12 soybean varieties, plus forage plots and demonstrations of tillage methods, chemical weed control, fertilization practices, corn populations, soybean row spacings, and weed and insect control.

At the Ohio Swine Evaluation Station the visitors will see feeding trials and a large exhibit of swine equipment. One feeding demonstration will compare British and American swine rations. Different groups of pigs fed the different rations will be on display.

SOIL and water conservation practices, many of them applicable to Pickaway County land, will be demonstrated in one area. Spectators may watch heavy equipment actually construct a multiple purpose lake for a water supply, recreation, wildlife protection.

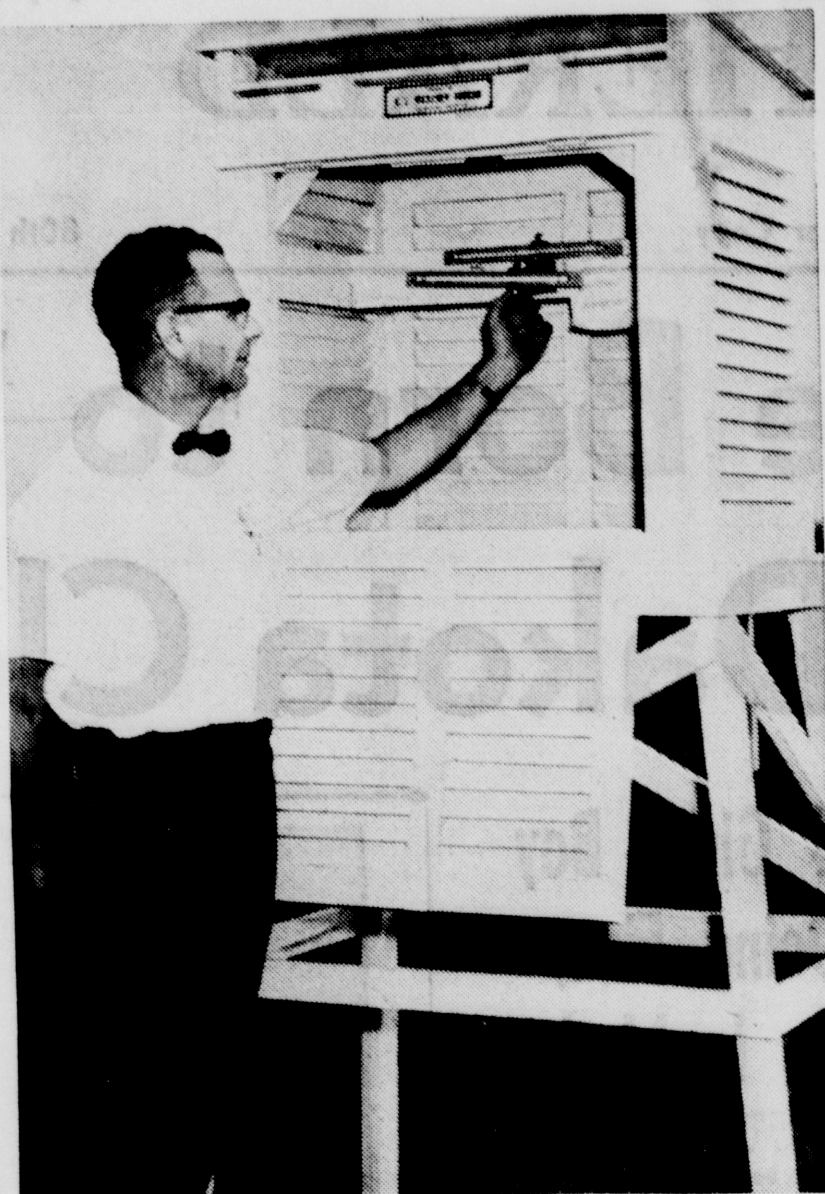

Practices to be placed in effect in this area will include fish management, pond management, vegetative control, and filtering systems. Near the lake site the visitors may see Christmas trees, windbreaks, and a recreation area with cabin and picnic grounds.

County Agent Hamrick said plans for the big farm show have been under way since last November when committees were appointed to draw up a blueprint for an event which would dramatize automation and mechanization in agriculture. Major objectives of the Farm Science Review, Hamrick pointed out, are to demonstrate the latest advances in farm machinery and equipment, to illustrate current scientific and practical findings in farm production and management, and to present through educational exhibits the latest developments in agricultural science and technology.

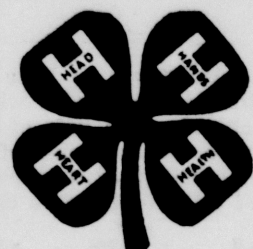

"The Review has much to offer farmers of Pickaway County," agent said. "They may see modern farming in action, talk with scientific people who are working to develop new farming techniques, and compare a wide range of practices, equipment, and supplies for possible use in their own operations."

The Farm Science Review is sponsored by The Ohio State University, the Ohio Agricultural Extension Service, the Ohio Agricultural Experiment Station, and the Ohio Expositions Commission. It is being staged three days, Sept. 25, 26, and 27 on farmland adjoining Don Scott Field, The Ohio State University airport in northwestern Franklin County immediately south of State Route 161. Tickets for the Review may be purchased at the Extension Office at a reduced cost.

Cows need more water per unit of body weight than other farm animals. A cow producing 80 pounds of milk a day may drink as much as 300 pounds of water.

WEATHER STATION — This weather station at the Ohio Farm Science Review site, near Columbus, includes maximum and minimum thermometers and a rain gauge. Dr. Gordon Ryder, OSU extension agronomist, is seen here checking high and low air temperature readings. This is one of about 75 weather stations throughout Ohio that records weather data for scientific study.

4-H Club News

By EDWIN D. TAYLOR
County Extension Agent, 4-H

By EDWIN D. TAYLOR
County Extension Agent, 4-H
About 750 Ohio 4-H club members and 150 advisors will take part in the 46th annual Ohio 4-H Club Congress at the Ohio State University Sept. 14-18.

This year's theme is "Citizenship — The Key in '63 For Our Community, Our World, Our Government, Ourselves". A general assembly program will be devoted to each subject contained in the theme.

Several outstanding speakers are scheduled to appear at the Congress. They include Jesse Owens, former Ohio State University and Olympic track star; Charles Vetter, training officer, United States Information Agency; Dr. Jerome Folkman, Temple Israel, Columbus; and Chalmers Wylie, state representative from Franklin County.

Congress activities will include campus career exploratory tours, state finals in the 4-H safety talk, a mock legislative session at the state capitol, and recreation.

The 4-H advisors will take part in most of the same activities as the 4-H members, plus some special sessions. Dr. Russ Mawby, assistant director of 4-H club program at Michigan State University, will speak at a special assembly for advisors.

Thirteen youths, advisors, and an extension agent will represent Pickaway County at Ohio 4-H Club Congress. A trip to Club Congress is one of the highest awards that 4-H members can achieve.

Larry Vance has been selected by the State 4-H Staff to be a counselor at Club Congress.

The county 4-H awards committee selected four boys and four girls from the county to receive trips to Club Congress. These 4-H members are Sheryl Wood, Beth Riecke, Kathy Rose, Page Miller, Drexel Poling, Byron Rose, Larry Downs and Roe Riegel.

These eight youths are sponsored by local businesses and civic groups who pay for their scholarships. The scholarships are sponsored by the Circleville Kiwanis

Club, Bowling Livestock, Circleville Oil Company, Circleville Lions Club, First National Bank, Hatfield Real Estate, C. D. Bennett Insurance, Williamsport Bank, Knights of Columbus and the Pickaway County Bankers Assn.

Linda Minor will attend Club Congress as a district safety speaking contest winner and during her stay in Columbus will compete in the state safety speaking contest which is held at one of the Club Congress sessions.

Three 4-H advisors are attending from the county. They are Mrs. Lloyd Minor, Mrs. George Mowery and Barbara McKenzie. Miss Emma Lou Tackett, associate county extension agent, Home Economics, will attend Club Congress as one of the staff advisors.

Next Saturday, Sept. 21, 6:30 p. m. is the annual Pickaway County 4-H and FFA Barbecue. All 4-H members, their advisors, and parents are invited to attend.

Over the entire world, there is about 1 acre of cropland for each person. In the U. S., there are about 2.5 acres for each person.

Associate County Extension Agent, Home Economics

School has started once again and the children are out of the house most of the day. Perhaps you are rushing around in the mornings trying to get your husband off to work and the children off to school. At the same time you are trying to get breakfast and get the lunches packed. Why not prepare sandwiches during the day and freeze them. This can eliminate some of the morning rush.

Lunches packed at home to be eaten at work or at school should be patterned after a good basic lunch or supper pattern. This pattern includes the following foods: a protein rich food (meat, eggs, poultry, fish, cheese, legumes and nuts), a vegetable or fruit or both, bread-butter or margarine, simple dessert, and milk.

Foods which are prepared several hours before they are eaten and are subjected to temperatures which are much higher than some foods should be kept safely will eliminate those foods which may spoil and cause illness. Ham, chicken, and custards are foods to avoid in hot weather.

To prepare such a lunch requires some planning and management. Plan to have on hand foods on your cupboard shelf, in the refrigerator, and freezer as well as in the bread box, which will enable you to plan and prepare lunches quickly and easily. Good use of your freezer will enable you to prepare sandwiches in advance to last two or more weeks. And it will enable you to have on hand baked products for such simple baked desserts as well as a variety of other foods to add interest, satisfaction and good nutritive value to the lunches you pack.

A LUNCH box with ample space for sandwiches, fruit, raw vegetable and simple dessert with space at the top or side for a half pint thermos bottle makes it possible to prepare a lunch which is tasty, satisfying and nutritious as well as one which provides desirable variety.

The lunch box when opened should be attractive and appealing. Place heavier packages to the bottom of the box and lighter ones on top. If sandwiches are stood on end in the lunch box they do not soak up so much filling. Time can be saved if all the equipment for packing the lunch is kept in one place.

Wash the lunch box daily in

clean hot water with plenty of soap or detergent, rinse and dry well. Leave the lid open to air overnight so it keeps sweet smelling.

Wrap each food in waxed paper. Sandwich bags may be used for sandwiches, cakes, cookies, pickles, vegetables or any food needing to be wrapped. Pack two napkins in the lunch box. One napkin may be used as a table cover.

A thermos bottle may be used to carry hot or cold beverages or food such as soup, stew, chili, milk, fruit juice or cocoa. A wide mouth bottle makes it possible to pack foods with a thick consistency as well as liquids. Keep the thermos clean, well aired and sweet smelling.

Wash the bottle in a hot soda water bath frequently. Wash the cork or rubber stopper, scrub with a brush, and if it is absorbed odors, boil it in soda water. When hot food is to be packed fill the thermos first with very hot water, allow it to stand for 3-5 minutes, then drain and fill immediately with hot food. Fill with very cold water first before filling with cold food.

PAPER or plastic containers with lids are most satisfactory for carrying salads, stewed fruits and pudding. Small glass jars with screw top lids may also be used but paper ones can be discarded after use and lessen labor.

Other supplies you may need in a lunch box are: Individual salt and pepper shakers, and a knife, fork and spoon. The shakers should be small and may be paper, wooden or plastic. The silverware may be plastic also.

Happy lunch packing.

Sinatra Is 'Innocent'

On Nevada Accusation

NEW YORK (AP) — "I don't know what the hell they're talking about," Frank Sinatra said today when asked about Nevada Gaming Control Board charges that he entertained an underworld kingpin at his Cal-Neva lodge on Lake Tahoe.

Sinatra refused to say whether he knew Nomo Salvatore (Sam) Giancana, named by the Justice Department as a ruler of "Cosa Nostra" (our thing), a Mafia crime syndicate.

4 Ex-Deputy Sheriffs Get Prison Terms

CANTON, Ohio (AP)—Four former Stark County sheriff's deputies were sentenced to Ohio Penitentiary terms of from one to 15 years yesterday by Common Pleas Judge John Rossetti in connection with thefts and burglaries during their tours of duty.

Sentence of a fifth deputy was put off until Monday morning.

All five entered guilty pleas to charges contained in secret indictments returned last February. Involved was a string of thefts going back over a period of several years and scattered throughout the county. The loot ranged from bowling balls to evergreen trees.

The former deputies sentenced are:

Paul C. Decker, 38, North Canton, concurrent sentences of one to 15 years and one to seven years.

James Brown, 31, Canton, concurrent sentences of one to 15 years and one to seven years.

Russell Downey, 30, Navarre, sentence of one to 15 years.

Ronald A. Covell, 31, Massillon, concurrent sentences of one to two years and one to seven years.

Samuel C. Wright, 60, East Sparta, sentence scheduled for Monday morning.

Jackson OKs Test Treaty

WASHINGTON (AP)—Sen. Henry M. Jackson came out today in favor of the limited nuclear test ban treaty, saying its risks are serious but acceptable.

The Washington Democrat, who served as President Kennedy's Democratic national chairman during the 1960 presidential campaign, had been generally regarded as one of the treaty's principal critics.

In his announcement today, Jackson said he was compelled to conclude from the evidence that the agreement involves "serious — perhaps even formidable — military and technical disadvantages." But he added that with assured safeguards for the nation's security, "I believe that the Senate may prudently give its advice and consent to ratification."

Traffic Bureau Chief Rushes To Avoid Fine

DENVER, Colo. (AP) — Orville Holben rushed to pay \$12 for three overtime parking tickets and late penalties after getting a warning from the city Thursday.

Holben is director of the traffic violations bureau of Denver Municipal Court.

Gov. Rhodes Frowns On Long Honeymoon

COLUMBUS, Ohio (AP)—An extended honeymoon in Florida could cost the job of an Ohio Pardon and Parole Commission member.

Gov. James A. Rhodes' office indicated yesterday.

Member Gloria Karpinski, of Cleveland, who married U. S. District Judge Frank J. Battisti last Aug. 10, telephoned that she now plans to return Sept. 23. Her vacation began Aug. 5.

John McElroy, the governor's

Overplanting Can Reduce Future Wheat Allotments

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Overplanting wheat allotments this year can reduce a farm's future allotments, according to Dr. Wallace Barr, Ohio State University Extension Economist.

This effect on a farm's wheat history is one of several factors which farmers will want to consider in planning their 1964 crop operations.

Barr calls attention to a provision of the law passed in 1958 which can affect a farm's wheat acreage history. It directs that when no marketing quotas are in effect, farms exceeding allotments will receive that year's allotted acres as history for future allotments. Complying farms receive their base acreage as history.

Barr cited this example of how

Farm Facts . . .

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Scientists of the U. S. Department of Agriculture are using chemical growth retardants to make flowers more desirable for beds or small landscape areas.

Latest advances in farm technology will be on display at the Ohio State Farm Science Review to be held September 25-27 on Ohio State University land in Northwest Franklin County.

One person in every 20 in the U.S. works at a job that has something to do with wood, say Ohio State University Extension Foresters.

Always store insecticides in their original containers, advise Ohio State University Extension Entomologists.

Last year American families spent only 19 cents of each food dollar for dairy foods, reports the American Dairy Council.

Agriculture is a customer for six million workers. These workers supply the farmer with tools and materials for farm production. Farmers bought 43 billion dollars worth of goods and services from Agriculture.

Farms generally are becoming larger and more specialized, but most of them still are family units, says the U. S. Department of Agriculture.

Between 1940 and 1962, capital requirements on the average farm increased sevenfold, from \$6,000 to \$47,600. Production expenses were nearly 70 per cent of gross income in 1962.

Town Has 3 Chiefs Within 15 Minutes

BOWLING GREEN, Ohio (AP) — The Wood County village of Bradner had three mayors within 15 minutes Thursday night.

The mayor for two years, Gale Lawrence, resigned in a dispute with the marshal over traffic law enforcement.

Claude Hiser, president of the council, automatically became mayor. He then resigned, saying he wouldn't have the job under any circumstances.

So the council elected another council member, Carl Mason, as mayor.

Then they appointed Hiser to the village council to fill the vacancy created by his own resignation and named him president.

Plastic Bag Kills Baby

KENTON, Ohio (AP) — Three-month-old Brenda Ann Edgington daughter of Mr. and Mrs. Ohlen Edgington of Kenton, suffocated Thursday in a plastic clothes bag.

Controversial Bond Issue Debate Grows More Heated

COLUMBUS, Ohio (AP) — "I'm going to vote for the \$250 million bond issue and then swear off smoking cigarettes," a caller told a state official.

Irony of the call lies in the fact that bonds issued for capital improvements, if approved by voters in the Nov. 5 balloting, would be paid off by continuing a cent-a-pack tax on cigarettes.

The extra penny tax was voted in 1955 for a \$150 million dollar bond issue which will be paid off in 1977. The proposed new bond issue could be paid off Dec. 31, 1991 under a schedule prepared by Treasurer John D. Herbert's office.

The one-cent tax now yields nearly \$14 million a year. Estimates show that it would exceed \$18 million in 1977.

Ohio's Legislature at its recent session ordered the \$250 million issue proposal placed before voters as a means of raising funds, mainly for school buildings, under Gov. James A. Rhodes' no-new-tax program.

Majority approval at the polls is required for the state to exceed a constitutional debt limit of \$750,000.

Although numerous widely known Ohioans and organizations endorse the bond issue, opposition is mounting from Democratic Party leaders, labor unions and others.

Speakeading the bond drive is the Citizens for Ohio's Future, an organization headed by Thomas F. Patton, president of Republic Steel Corp. and Charles Sawyer of Cincinnati, former U. S. secretary of commerce.

Nearly two score vice chairmen are civic and professional leaders throughout the state.

They are concentrating on a campaign to register voters favorable to the bond issue in registration areas before the Sept. 25 deadline.

The Ohio AFL-CIO Council terms the bond issue inadequate to meet building needs of public schools and state universities, extravagant because of interest cost and unfair to cigarette smokers.

Interest cost on the bonds has been estimated at \$125 million.

"The fair way is for all the citizens of the state to shoulder a fair share of the tax burden for supporting schools," the council asserts.

Former Gov. Michael V. DiSalle and State Democratic Chairman William L. Coleman termed bond financing inferior to pay-as-you-go state operations.

And Robert W. Reider, publisher of the Daily New, Port Clinton, former Democratic whip in

the Ohio House and one-time candidate for governor, criticized the proposal in an editorial.

"What better 'out' could there be for a governor who promised no new or additional taxes, than to try to hoodwink the people into voting this one on 'themselves'?" Reider asked.

But an editorial in the Columbus Citizen-Journal noted that a chemical engineering building at

Ohio State University was financed from the 1955 bond issue, doubling student capacity and providing 37 labs including one for nuclear engineering. It would cost 13 per cent more to duplicate the building today, estimates showed.

"Ohio needs to catch up quickly to retain its place in this era of space, electronic and nuclear industry," the editorial said, "waiting will only put us further behind and increase the eventual cost."

Legislative leaders and the administration tentatively agree on a distribution of \$175 million in bond money for higher education, \$35 million for distressed public schools, \$25 million for natural resources and \$15 million for state buildings.

Included is aid to municipal universities in Toledo, Akron and Cincinnati and for community colleges and university branches.

After placing the proposition before voters, legislators recessed until Dec. 2 to be in position to implement the bond issue if approved.

Specific appropriations for approval construction would be required giving the legislature the final say on projects.

The proposal limits bond issues to \$100 million a year and says all must be sold by Dec. 31, 1972.

Because some universities have plans ready to go, an initial \$50 million issue of 3 per cent bonds is contemplated next April, if . . .

Cincinnati To Get New Federal Bank

CINCINNATI (AP)—A new Federal Reserve Bank building is being planned for Cincinnati's downtown area.

Fred O. Kiel, vice president in charge of the Cincinnati branch of the Federal Reserve Bank here said the branch has been authorized to begin preliminary studies of operations, decide what facilities are needed and pick a site.

The project would be part of the central business district redevelopment program.

The Federal Reserve Bank now occupies the two basement levels, the first seven stories and the top floor of a 14-story building on East Fourth Street.

Overplanting Can Reduce Future Wheat Allotments

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Overplanting wheat allotments this year can reduce a farm's future allotments, according to Dr. Wallace Barr, Ohio State University Extension Economist.

This effect on a farm's wheat history is one of several factors which farmers will want to consider in planning their 1964 crop operations.

Barr calls attention to a provision of the law passed in 1958 which can affect a farm's wheat acreage history. It directs that when no marketing quotas are in effect, farms exceeding allotments will receive that year's allotted acres as history for future allotments. Complying farms receive their base acreage as history.

Barr cited this example of how

Farm Facts . . .

By GEORGE HAMRICK
County Extension Agent,

Scientists of the U. S. Department of Agriculture are using chemical growth retardants to make flowers more desirable for beds or small landscape areas.

Latest advances in farm technology will be on display at the Ohio State Farm Science Review to be held September 25-27 on Ohio State University land in Northwest Franklin County.

One person in every 20 in the U.S. works at a job that has something to do with wood, say Ohio State University Extension Foresters.

Aways store insecticides in their original containers, advise Ohio State University Extension Entomologists.

Last year American families spent only 19 cents of each food dollar for dairy foods, reports the American Dairy Council.

Agriculture is a customer for six million workers. These workers supply the farmer with tools and materials for farm production. Farmers bought 43 billion dollars worth of goods and services ment of Agriculture.

Farms generally are becoming larger and more specialized, but most of them still are family units, says the U. S. Department of Agriculture.

Between 1940 and 1962, capital requirements on the average farm increased sevenfold, from \$6,000 to \$47,600. Production expenses were nearly 70 per cent of gross income in 1962.

Town Has 3 Chiefs Within 15 Minutes

BOWLING GREEN, Ohio (AP) —The Wood County village of Bradner had three mayors within 15 minutes Thursday night.

The mayor for two years, Gale Lawrence, resigned in a dispute with the marshal over traffic law enforcement.

Claude Hiser, president of the council, automatically became mayor. He then resigned, saying he wouldn't have the job under any circumstances.

So the council elected another council member, Carl Mason, as mayor.

Then they appointed Hiser to the village council to fill the vacancy created by his own resignation and named him president.

Plastic Bag Kills Baby

KENTON, Ohio (AP) — Three-month-old Brenda Ann Edgington daughter of Mr. and Mrs. Ohlen Edgington of Kenton, suffocated Thursday in a plastic clothes bag.

Controversial Bond Issue Debate Grows More Heated

COLUMBUS, Ohio (AP) — I'm going to vote for the \$250 million bond issue and then swear off smoking cigarettes," a caller told a state official.

Irony of the call lies in the fact that bonds issued for capital improvements, if approved by voters in the Nov. 3 balloting, would be paid off by continuing a cent-a-pack tax on cigarettes.

The extra penny tax was voted in 1955 for a \$150 million dollar bond issue which will be paid off in 1977. The proposed new bond issue could be paid off Dec. 31, 1991 under a schedule prepared by Treasurer John D. Herbert's office.

The one-cent tax now yields nearly \$14 million a year. Estimates show that it would exceed \$18 million in 1971.

Ohio's Legislature at its recent session ordered the \$250 million issue proposal placed before voters as a means of raising funds, mainly for school buildings, under Gov. James A. Rhodes' no-new-tax program.

Majority approval at the polls is required for the state to exceed a constitutional debt limit of \$750,000.

Although numerous widely known Ohioans and organizations endorse the bond issue, opposition is mounting from Democratic Party leaders, labor unions and others.

Spearheading the bond drive is the Citizens for Ohio's Future, an organization headed by Thomas F. Patton, president of Republic Steel Corp. and Charles Sawyer of Cincinnati, former U. S. secretary of commerce.

Nearly two score vice chairmen are civic and professional leaders throughout the state.

They are concentrating on a campaign to register voters favorable to the bond issue in registration areas before the Sept. 25 deadline.

The Ohio AFL-CIO Council terms the bond issue inadequate to meet building needs of public schools and state universities, extravagant because of interest cost and unfair to cigarette smokers.

Interest cost on the bonds has been estimated at \$125 million.

"The fair way is for all the citizens of the state to shoulder a fair share of the tax burden for supporting schools," the council asserts.

Former Gov. Michael V. DiSalle and State Democratic Chairman William L. Coleman termed bond financing inferior to pay-as-you-go state operations.

And Robert W. Reider, publisher of the Daily New, Port Clinton, former Democratic whip in

the Ohio House and one-time candidate for governor, criticized the proposal in an editorial.

"What better 'out' could there be for a governor who promised no new or additional taxes, than to try to hoodwink the people into voting this one on themselves?" Reider asked.

But an editorial in the Columbus Citizen-Journal noted that a chemical engineering building at

Ohio State University was financed from the 1955 bond issue, doubling student capacity and providing 37 labs including one for nuclear engineering. It would cost 13 per cent more to duplicate the building today, estimates showed.

"Ohio needs to catch up quickly to retain its place in this era of space, electronic and nuclear industry," the editorial said. "Waiting will only put us further behind and increase the eventual cost."

Legislative leaders and the administration tentatively agree on a distribution of \$175 million in bond money for higher education, \$35 million for distressed public schools, \$25 million for natural resources and \$15 million for state buildings.

Included is aid to municipal universities in Toledo, Akron and Cincinnati and for community colleges and university branches.

After placing the proposition before voters, legislators recessed until Dec. 2 to be in position to implement the bond issue if approved.

Specific appropriations for approval construction would be required giving the legislature the final say on projects.

The proposal limits bond issues to \$100 million a year and says all must be sold by Dec. 31, 1972.

Because some universities have plans ready to go, an initial \$50 million issue of 3 per cent bonds is contemplated next April, if . . .

Cincinnati To Get New Federal Bank

CINCINNATI (AP)—A new Federal Reserve Bank building is being planned for Cincinnati's downtown area.

Fred O. Kiel, vice president in charge of the Cincinnati branch of the Federal Reserve Bank here, said the branch has been authorized to begin preliminary studies of operations, decide what facilities are needed and pick a site.

The project would be part of the central business district redevelopment program.

The Federal Reserve Bank now occupies the two basement levels, the first seven stories and the top floor of a 14-story building on East Fourth Street.

No Laments for Krishna

No laments have been forthcoming from the Western camp over the disappearance of V. Krishna Menon from the United Nations. For years a confidante of India's Prime Minister Nehru, as well as his defense minister and chief representative in the UN, Menon has been a symbol of India's left-oriented neutrality.

It required the near disaster of Red China's invasion of Indian territory to awaken Nehru to the folly of his chief lieutenant's do-nothing defense policy. Even after his removal as defense minister, Menon remained India's chief voice in the UN.

That voice usually was nothing more than the expression of an oversized capacity for nuisance-making, coupled with an egocentric demand to be the center of attention. The combination endeared Menon to no one, and served to hasten the eclipse of India's voice in world affairs.

Certainly 10 years of Krishna Menon in the United Nations is enough. His belated replacement is at least partially excused by the choice of his successor, Mrs. Vijaya

Lakshmi Pandit, sister of Prime Minister Nehru and the first Indian representative at the UN, as well as a former president of the general assembly, is no stranger to the UN.

Her familiarity with Indian problems and policies is second to none, and her close association with her brother, the prime minister, should put an end to her country's uncertain drift in world affairs. There will be no more — or this is the hope — headstrong lieutenants tugging at the shirtsleeves of an uncertain general.

India's changing of the guard will evoke little outward change in its position of neutrality, at least at first. But Madame Pandit's less strident voice and more mature temperament will be welcomed by most UN members.

Few delegations to the world organization have been greeted by the unbridled relief which will be apparent in the reception awaiting the new Indian contingent. But it is probably wishful thinking to hope that some other UN members will emulate India's example.

Thieves as Critics

Every so often there's a story about a "discriminating" thief who steals some specific objects d'art from a collection, and leaves other behind. The impression is that these breakins must be master-minded by some genius who spends his day light hours copying paintings at the Louvre while adding to his own personal collection beneath the light of the moon.

And there's the implication that he does his thieving not in dirty coveralls or even a business suit, but at least in a dinner jacket if not in white tie, tails, and a car nation in the lapel.

These inferences could have been drawn from a news item the other day about a breakin at the Kensington studio of Sir Charles Wheeler, a sculptor and president of Britain's Royal Academy. While the thieves stole Sir Charles' gold badge of office, decorations and foreign order, they left his own work untouched.

His face is supposed to have fallen at this evidence of disdain, and one would

think he had vowed not to pat another piece of plasticine so long as he lived.

But there must be artistically honest art thieves somewhere not claiming to be connoisseurs of Courbet, Van Gogh, Rodin or an Dyck who would admit that they took some pieces and left others, not through an refined instinct of artistic discrimination but because the truck just wasn't big enough to hold everything.

A waterborne thief in New York harbor doesn't leave the Statue of Liberty behind because he has artistic qualms about the work of the French sculptor Bertholdi, but because he knows the 225-ton giantess would swamp his rowboat and he doesn't want to whistle for the police boat to rescue him.

But no one has yet succeeded in finding an honest art thief who has a cellar full of cast iron deer he has removed from wealthy people's lawns, not because they are worth their weight in scrap metal but just because he likes to look at them.

Periods for 'Daydreaming'

A research psychologist suggests that, starting in lower grades, "certain periods should be set aside for passive contemplation and daydreaming." These then would be followed by activity during which children would express their thoughts or daydreams. The expert says this would encourage the "art of creative thinking."

This is a revolutionary idea. For years

the daydreamer has been accused of inability to concentrate on tasks at hand and with being wilfully inattentive. Daydreaming has been called wasteful idleness. Now it may become part of the curriculum.

But is "organized" daydreaming "by the clock" the real thing? This could result in deterioration of a pastime that deserves a better fate.

Try and Stop Me

By BENNETT CERF

ON MADISON AVENUE, a lady patient descended upon society dentist Pullman's office for the fifth time to command him to grind down her false teeth again. "I tell you they don't fit," she insisted. "Okay," said Dr. Pullman reluctantly. "I'll do it one last time. But by every test, they should fit your mouth perfectly as they are."

"Who said anything about my mouth?" snapped the lady. "They don't fit in the glass."

A sour-looking gent pushed his way into a roadside tavern, leading on a chain a huge, twelve-foot alligator. "Do you serve dames in this joint?" he demanded. "Certainly," said the proprietor. "Men—women—they're all welcome here, so long as they pay cash."

"Good," said the sour-looking one. "Serve me a hamburger, and serve my alligator a dame."

Ingenious and persevering fellows, these post office authorities! One of them, according to Bill Feather, came upon a letter addressed to:

Wood,
Mr.
Mass.

and promptly and correctly delivered it to:
Mr. Underwood,
Andover,
Mass.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Private hospital care is a luxury that few people can afford. The cost of hospitalization has so sky-rocketed in recent years that the U. S. Department of Health, Education and Welfare has begun an intensive study to find ways of reducing the cost of running a hospital.

A program called "Progressive Patient Care" has been designed by the Department in an effort to reduce the cost of hospitalization without sacrificing any of the medical needs of the patient.

The new concept revolves around custom-made medical, surgical and nursing facilities that will fulfill the individual requirements of each patient. This is based on the theory that not all patients need the same continuing intensive care during their entire stay at the hospital.

According to the new plan, patients would be graduated from one group to another as they progress toward recovery. For it is obvious that the average patient about to be discharged does not need as much of the expensive care and equipment as most patients who are first admitted to the hospital.

The Progressive Patient Care plan, already established in a number of hospitals, has five distinct categories.

- 1) Intensive Care
- 2) Intermediate Care
- 3) Self Care
- 4) Long-Term Care
- 5) Home Care

Intensive care is built around those patients who are critically ill on admission to the hospital. A full complement of nurses and personnel keep the patient under constant surveillance, often with elaborate and costly equipment, until the emergency is over. All facilities are kept at a high level of immediate availability until the patient is out of danger.

Intermediate care is meant for

patients who need some, but less active, nursing care. Many of these patients are already beginning to help themselves and relieve the nurses and staff of time-consuming vigilance.

Self care includes those who are physically able to care for their own needs and require very little supplementary help from the nursing staff. Special equipment is not needed during this period of convalescence.

Long-term care will be established for patients who need physical and occupational therapy during their periods of physical and emotional rehabilitation. Emphasis will be placed on the psychological adjustment to chronic disability. Recreational facilities and custodial care will replace the need for expensive nursing care and hospital facilities normally reserved for patients with acute illness.

Home care, the last classification of Progressive Patient Care, extends from the hospital to the patient's own home. Visiting nursing services, cooperating with local health agencies, continue to supply the patients needs outside the hospital.

This new concept is a broad sociological advance. Patients will be given the advantage of individualized care during every phase of their recovery, while at the same time benefiting by the reduced cost of their hospitalization.

Report Due in October

Some time in October the Secretary General of the UN, U Thant, is scheduled to report back to the Security Council on the subject of Portuguese willingness to start decolonization proceedings in Angola and other Portuguese African territories. Inasmuch as the Sazaz government in Lisbon has announced that any reforms in Angol will be undertaken within the framework of the "greater Portugal" that includes all the Portuguese overseas territories, it is a foregone conclusion that U Thant can hardly write anything that will please his Security Council majority.

What gets into the report, however, could serve to mollify or inflame the Security Council, depending on its tone. At the moment there is a mimeographed petition kicking around the UN that attributes all manner of atrocities to the Portuguese in Angola. It is signed by Dr. F. Ian Gilchrist, the son of a Canadian medical missionary to Angola. There is also a report made to the United Nations' Angolan investigating committee by Brigadier General Frank Howley, the former commander of U. S. troops in Berlin who is now a New York University vice president, detailing the substance of his own investigatory trip into the Angolan back country.

The committee, says General Howley, was "tolerant of my views, but I didn't seem to be able to make much impression on them." What annoyed the general was a suggestion, dropped by certain committee members, that he must have gotten his ideas about Angola from "something which the Portuguese had told me."

Since the committee itself had been refused admission into Angola, and since the general ran his own investigation in Angola on the spot, the innuendo of second-handness seemed to trifle gratuitous. Moreover, the suggestion that the general is not to be trusted because Lisbon facilitated his trip struck a blunt soldier as a affront to his ability to use his own eyes and ears without prejudice to the truth.

General Howley had not seen the allegations of Dr. Gilchrist at the time when he was making his own report to the UN. But, having read them recently, he says, with his usual bluntness, that "the activities described simply do not exist." In his refutation of the Gilchrist petition the general reports:

"I went with the troops where the atrocities were being committed not by the Portuguese but by the so-called Rebels. I have about eighteen pages of documentation dealing with that March night when over 1,400 Portuguese were killed and chopped up. At that time we, in the States, thought they were Portuguese soldiers and police. There were no soldiers or police at the murder scene; they were women, children and coffee farmers. Some of them were black, some white and some mulattoes... I picked up broken guns and clubs in the surrounded town of Mucaba, which was still surrounded when I flew in there. Some of the men who were there the night of the big raid practically eliminated the town except for the church in which a bout thirty-two survived. The villagers told me exactly what the mob, who directed this, had been shouting. Some of the clubs I picked up had 'UPA' written on them, which is Holden Roberto's group. The crowd was yelling things like 'UPA, UPA, Lumumba, Lumumba...'

"My conclusion was that the Portuguese, instead of being cruel to the natives, were really doing the best job to help the masses by bringing them into a modern society. They seem to have a much more tolerant view of the color question than even Brazil."

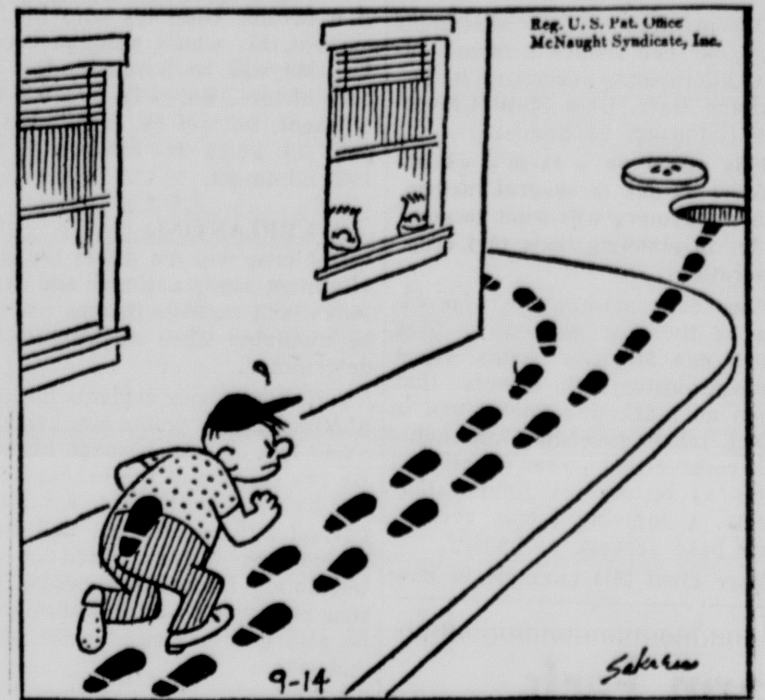

What U Thant is called upon to do in his October report is to pronounce judgment on Portuguese willingness to "implement" a UN Security Council resolution calling for decolonization in Angola. He is, in essence, charged with reporting on the disposal of a prejudiced case. But the tone of his report could have its effect on life and death

By John Chamberlain

in Africa. If the Secretary General does not carefully balance the opposing documents of a Dr. Gilchrist and a General Howley, the terrorists now being trained by Holden Roberto on Congo territory might take it as carte blanche to run wild.

No Laments for Krishna

No laments have been forthcoming from the Western camp over the disappearance of V. Krishna Menon from the United Nations. For years a confidante of India's Prime Minister Nehru, as well as his defense minister and chief representative in the UN, Menon has been a symbol of India's left-oriented neutrality.

It required the near disaster of Red China's invasion of Indian territory to awaken Nehru to the folly of his chief lieutenant's do-nothing defense policy. Even after his removal as defense minister, Menon remained India's chief voice in the UN.

That voice usually was nothing more than the expression of an oversized capacity for nuisance-making, coupled with an egocentric demand to be the center of attention. The combination endeared Menon to no one, and served to hasten the eclipse of India's voice in world affairs.

Certainly 10 years of Krishna Menon in the United Nations is enough. His belated replacement is at least partially excused by the choice of his successor, Mrs. Vijaya

Lakshmi Pandit, sister of Prime Minister Nehru and the first Indian representative at the UN, as well as a former president of the general assembly, is no stranger to the UN.

Her familiarity with Indian problems and policies is second to none, and her close association with her brother, the prime minister, should put an end to her country's uncertain drift in world affairs. There will be no more — or this is the hope — headstrong lieutenants tugging at the shirtsleeves of an uncertain general.

India's changing of the guard will evoke little outward change in its position of neutrality, at least at first. But Madame Pandit's less strident voice and more mature temperament will be welcomed by most UN members.

Few delegations to the world organization have been greeted by the unbridled relief which will be apparent in the reception awaiting the new Indian contingent. But it is probably wishful thinking to hope that some other UN members will emulate India's example.

Thieves as Critics

Every so often there's a story about a "discriminating" thief who steals some specific objects of art from a collection, and leaves other behind. The impression is that these breakins must be master-minded by some genius who spends his day light hours copying paintings at the Louvre while adding to his own personal collection beneath the light of the moon.

And there's the implication that he does his thieving not in dirty coveralls or even a business suit, but at least in a dinner jacket if not in white tie, tails, and a car nation in the lapel.

These inferences could have been drawn from a news item the other day about a break-in at the Kensington studio of Sir Charles Wheeler, a sculptor and president of Britain's Royal Academy. While the thieves stole Sir Charles' gold badge of office, decorations and foreign order, they left his own work untouched.

His face is supposed to have fallen at this evidence of disdain, and one would

think he had vowed not to pat another piece of plasticine so long as he lived.

But there must be artistically honest art thieves somewhere not claiming to be connoisseurs of Courbet, Van Gogh, Rodin or an Dyck who would admit that they took some pieces and left others, not through an refined instinct of artistic discrimination but because the truck just wasn't big enough to hold everything.

A waterborne thief in New York harbor doesn't leave the Statue of Liberty behind because he has artistic qualms about the work of the French sculptor Bertholdi, but because he knows the 225-ton giantess would swamp his rowboat and he doesn't want to whistle for the police boat to rescue him.

But no one has yet succeeded in finding an honest art thief who has a cellar full of cast iron deer he has removed from wealthy people's lawns, not because they are worth their weight in scrap metal but just because he likes to look at them.

Periods for 'Daydreaming'

A research psychologist suggests that, starting in lower grades, "certain periods should be set aside for passive contemplation and daydreaming." These then would be followed by activity during which children would express their thoughts or daydreams. The expert says this would encourage the "art of creative thinking."

This is a revolutionary idea. For years

the daydreamer has been accused of inability to concentrate on tasks at hand and with being wilfully inattentive. Daydreaming has been called wasteful idleness. Now it may become part of the curriculum.

But is "organized" daydreaming "by the clock" the real thing? This could result in deterioration of a pastime that deserves a better fate.

Try and Stop Me

By BENNETT CERF

ON MADISON AVENUE, a lady patient descended upon society dentist Pullman's office for the fifth time to command him to grind down her false teeth again. "I tell you they don't fit," she insisted. "Okay," said Dr. Pullman reluctantly. "I'll do it one last time. But by every test, they should fit your mouth perfectly as they are."

"Who said anything about my mouth?" snapped the lady. "They don't fit in the glass."

A sour-looking gent pushed his way into a roadside tavern, leading on a chain a huge, twelve-foot alligator. "Do you serve dames in this joint?" he demanded. "Certainly," said the proprietor. "Men—women—they're all welcome here, so long as they pay cash." "Good," said the sour-looking one. "Serve me a hamburger, and serve my alligator a dame."

Ingenious and persevering fellows, these post office authorities! One of them, according to Bill Feather, came upon a letter addressed to:

Wood,
Mr.
Mass.
and promptly and correctly delivered it to:
Mr. Underwood,
Andover,
Mass.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Private hospital care is a luxury that few people can afford. The cost of hospitalization has skyrocketed in recent years that the U. S. Department of Health, Education and Welfare has begun an intensive study to find ways of reducing the cost of running a hospital.

A program called "Progressive Patient Care" has been designed by the Department in an effort to reduce the cost of hospitalization without sacrificing any of the medical needs of the patient.

The new concept revolves around custom-made medical, surgical and nursing facilities that will fulfill the individual requirements of each patient. This is based on the theory that not all patients need the same continuing intensive care during their entire stay at the hospital.

According to the new plan, patients would be graduated from one group to another as they progress toward recovery. For it is obvious that the average patient about to be discharged does not need as much of the expensive care and equipment as most patients who are first admitted to the hospital.

The Progressive Patient Care plan, already established in a number of hospitals, has five distinct categories.

- 1) Intensive Care
- 2) Intermediate Care
- 3) Self Care
- 4) Long-Term Care
- 5) Home Care

Intensive care is built around those patients who are critically ill on admission to the hospital. A full complement of nurses and personnel keep the patient under constant surveillance, often with elaborate and costly equipment, until the emergency is over. All facilities are kept at a high level of immediate availability until the patient is out of danger.

Intermediate care is meant for

patients who need some, but less active, nursing care. Many of these patients are already beginning to help themselves and relieve the nurses and staff of time-consuming vigilance.

Self care includes those who are physically able to care for their own needs and require very little supplementary help from the nursing staff. Special equipment is not needed during this period of convalescence.

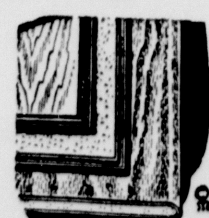

Long-Term care will be established for patients who need physical and occupational therapy during their periods of physical and emotional rehabilitation. Emphasis will be placed on the psychological adjustment to chronic disability. Recreational facilities and custodial care will replace the need for expensive nursing care and hospital facilities normally reserved for patients with acute illness.

Home care, the last classification of Progressive Patient Care, extends from the hospital to the patient's own home. Visiting nursing services, cooperating with local health agencies, continue to supply the patients needs outside the hospital.

This new concept is a broad sociological advance. Patients will be given the advantage of individualized care during every phase of their recovery, while at the same time benefiting by the reduced cost of their hospitalization.

get BIG RESULTS with a low cost WANT AD

Report Due in October

Some time in October the Secretary General of the UN, U Thant, is scheduled to report back to the Security Council on the subject of Portuguese willingness to start decolonization proceedings in Angola and other Portuguese African territories. Inasmuch as the Salazar government in Lisbon has announced that any reforms in Angola will be undertaken within the framework of the "greater Portugal" that includes all the Portuguese overseas territories, it is a foregone conclusion that U Thant can hardly write anything that will please his Security Council majority.

What gets into the report, however, could serve to mollify or inflame the Security Council, depending on its tone. At the moment there is a mimeographed petition kicking around the UN that attributes all manner of atrocities to the Portuguese in Angola. It is signed by Dr. F. Ian Gilchrist, the son of a Canadian medical missionary to Angola. There is also a report made to the United Nations' Angolan investigating committee by Brigadier General Frank Howley, the former commander of U. S. troops in Berlin who is now a New York University vice president, detailing the substance of his own investigatory trip into the Angolan back country.

The committee, says General Howley, was "tolerant of my views, but I didn't seem to be able to make much impression on them." What annoyed the general was a suggestion, dropped by certain committee members, that he must have gotten his ideas about Angola from "something which the Portuguese had told me."

Since the committee itself had been refused admission into Angola, and since the general ran his own investigation in Angola on the spot, the innuendo of second-handness seemed to trifle gratuitous. Moreover, the suggestion that the general is not to be trusted because Lisbon facilitated his trip struck a blunt sword as an affront to his ability to use his own eyes and ears without prejudice to the truth.

General Howley had not seen the allegations of Dr. Gilchrist at the time when he was making his own report to the UN. But, having read them recently, he says, with his usual bluntness, that "the activities described simply do not exist." In his refutation of the Gilchrist petition the general reports:

"I went with the troops where the atrocities were being committed by the Portuguese but by the so-called Rebels. I have about eighteen pages of documentation dealing with that March night when over 1,400 Portuguese were killed and chopped up. At that time we, in the States, thought they were Portuguese soldiers and police. There were no soldiers or police at the murder scene; they were women, children and coffee farmers. Some of them were black, some white and some mulattoes... I picked up broken guns and clubs in the surrounded town of Mucaba, which was still surrounded when I flew in there. Some of the men who were there the night of the big raid practically eliminated the town except for the church in which a bout thirty-two survived. The villagers told me exactly what the mob, who directed this, had been shouting. Some of the clubs I picked up had 'UPA' written on them, which is Holden Roberto's group. The crowd was yelling things like 'UPA, UPA, Lumumba, Lumumba...'

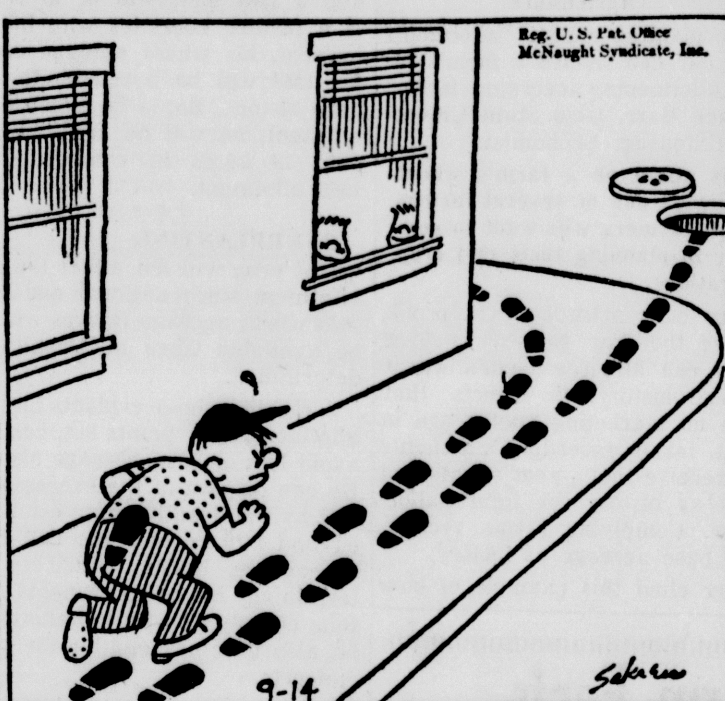

"My conclusion was that the Portuguese, instead of being cruel to the natives, were really doing the best job to help the masses by bringing them into a modern society. They seem to have a much more tolerant view of the color question than even Brazil."

What U Thant is called upon to do in his October report is to pronounce judgment on Portuguese willingness to "implement" a UN Security Council resolution calling for decolonization in Angola. He is, in essence, charged with reporting on the disposal of a prejudiced case. But the tone of his report could have its effect on life and death

in Africa. If the Secretary General does not carefully balance the opposing documents of a Dr. Gilchrist and a General Howley, the terrorists now being trained by Holden Roberto on Congo territory might take it as carte blanche to run wild.

50 Lucky Ohio Hunters To Get Special Rights

By THE ASSOCIATED PRESS
Ohio's Department of Wildlife has scheduled a drawing just for nimrods.

The 2400-acre Kelleys Island area in Lake Erie will be open to 50 lucky Ohio hunters during the upland game season. The lucky ones will be determined in a drawing, and each may take on guest. Applications must be made to the wildlife division on October-dated postcards to get into the drawing.

Good perch fishing — Most of them in the seven to eight-inch class—is just starting in Lake Erie. Some 13-inch walleyes also are being taken, and the smallmouth bass are starting their fall biting.

Dr. L. G. Dunnire, Barnesville physician and president of the Ohio Huskie Muskie Club, landed a 44½-inch 23-pound scrapper Aug. 29 at Piedmont Reservoir—his second bragging-sized one of the year.

State park managers throughout Ohio have started marking submerged stumps and other obstacles which are hazards to boaters due to low water levels. Officials said the submerged stumps are valuable to fishermen and cost of their removal would be prohibitive. White stakes will identify the hazards.

A wildlife division survey showed that 26.5 squirrels were killed for each 100 hours of hunting on the Sept. 6 opening day. Last year the crackshots took 30.4 squirrels for each 100 hours. Three non-fatal accidents were reported opening day.

Pheasant hunters get a break starting Nov. 15 at North Bass Island.

They'll be allowed to shoot four hens or cocks daily there, in an attempt to cut down the bird population which has been eating too many grapes on a 350-acre plot cultivated by a winery.

Two Days in Paris

PARIS (AP) — The latest figures on foreign visitors to France indicate "a certain stagnation" in the tourist business according to a report of the committee on tourism of the National Assembly. The number of visitors increased only 3.3 per cent from 1960 to 1961, the report said, and preliminary figures showed a similar low growth rate from 1961 to 1962.

In addition, the report said, foreigners are tending to stay shorter periods in France, an average of about 2.5 days.

Scholars Taking New, Deeper Look Into Life of Ohio's Warren Harding

MARION, Ohio (AP)—Scholars are taking new and deeper looks into the life of an Ohio man who became the nation's 29th president — Warren Gamaliel Bannockroft Harding.

A group of 75 of the nation's historians last year listed the Ohioan among the "failure" presidents; some called him the "worst" of the lot.

"WG," as he came to be known, was born Nov. 2, 1865, in what was then Corsica, Morrow County now Blooming Grove.

He left school at 16 to go to work, subsequently resumed his formal education and earned a Bachelor of Science degree from now-defunct Ohio Central College in Iberia.

At length he became editor and publisher of what is now the Marion Star. He tossed his hat into the political ring by being elected to the Ohio Senate in 1904 and later became the nation's 29th chief executive, the first editor ever to hold the office and the sixth tenant of the White House to be chosen from the Buckeye State.

The presidency was not, unfortunately, what Harding thought it might be. And when the successor to Woodrow Wilson and the predecessor of Calvin Coolidge died Aug. 2, 1923, not having served quite one full term, it was as a somewhat bitter and disillusioned man.

"WG," who considered himself "just folks," discovered that the ways of "just folks" would not suffice to combat such monumental scandals as that involving naval oil stores and referred to as "Teapot Dome."

Assuming the presidency truly in "times that try men's souls," Warren G. Harding, whose inaugural address was based on the theme, "back to normalcy," discovered that all too many people wanted no part of such a program. And his apparent inability to force or persuade them to his way of thinking contributed, in large measure, to the thunder of criticism that followed his death and administration.

Charles W. Thompson, in "Presidents I Have Known," titled his chapter on Harding "Babbitt in the White House," comparing the 29th president to Sinclair Lewis' conformist character.

The Baltimore Sun was to refer to "WG" as a "numskull" and "the Marion stonehead." James Truslow Adams, in his "Epic of America," talked of Harding's campaigning for the presidency as "... akin to hearing the squeak of a timid field mouse after the thunder of battle had rolled away."

The year 1965 will mark the centennial of Harding's birth. As the centennial draws near, two authors are working hard on books about Harding, paying visits to Marion to glean information and try to find new material. Both authors assert the books will focus a new light of revelation on the man entombed in the great white memorial on this city's south side.

Many Marion residents have met Randolph C. Downes, professor of history at Toledo University, and Dean Albertson, assistant professor of history at Brooklyn (N.Y.) College.

Prof. Downes has declared pointedly that he seeks to perform "... a scholarly appraisal of Warren G. Harding." Prof. Albertson has said that his sole aim in writing about the 29th president is "to tell the truth" about the Ohioan.

"It is a job for the historian, not the commentator, textbook writer or popularizer, to analyze and interpret Mr. Harding's life as a whole," said Prof. Downes. "Un-

Fire Engine 'Lost' In Heavy Downpour

LOUISVILLE, Ky. (AP) — Engine Co. 16 where were you?

After answering an alarm during Thursday's two-hour, 2.22-inch rain, the fire rig tried eight different routes to get back to its station. Each was blocked by high water in the viaducts.

Rather than risk having the engine stall, the firemen waited patiently for 15-20 minutes at one underpass until the water ran down, explained Maj. Eugene Dodson.

fortunately, historians have waited too long."

Said Prof. Albertson: "I have thought about Harding for many years as a man much maligned, who, perhaps, perhaps not, deserved the ill reputation he received at the hands of writers who obviously had not searched Harding's record with complete-ness and diligence."

Both historians are hoping, if possible, to have a look at some of the Harding memorabilia currently in the possession of Marion's Dr. Carl Sawyer, president of the

Brazil Woods Fire Continues Threat

CURATIBA, Brazil (AP)—Fires ravaging the state of Parana threatened neighboring Sao Paulo today as firemen sought to save coffee and lumber land.

Forest rangers flying over the stricken zone spotted several fires in the southern tip of Sao Paulo State.

More than 140,000 persons have been left homeless by the fires which have razed 30 per cent of Parana's coffee and lumber area, parched by an eight-month drought. The number of dead is not known although officials have discounted reports that 250 perished.

Mrs. Melvin Leverett (left) and Mrs. Erla Foshaug, mothers of the two missing girls, await word from the searchers.

GIRL HUNT—Sgt. Tom Nelson, off-duty policeman, takes his bloodhound in the big search for two missing girls in Minneapolis, Minn. They are Melissa Ann Lee, 5, and Barbara Ann Foshaug, 4, missing since Sept. 7. On Sept. 11 the families received ransom notes demanding \$2,000. One directed the mother to go to a neighborhood fortune teller "for further information." The work of a crank, say police.

are in for some surprises."

But both Prof. Albertson and Prof. Downes, in discussing their forthcoming works, leave ajar the door of possibility that the misfortune that befell the Marion man in the White House was not, by any means, simply the consequence of a monstrous inability stunted the presidency, and that to master the mechanics that constituted the presidency, and that the true character of Harding never really manifest itself in the nation's highest office.

Views on TV - Radio

HOLLYWOOD (AP) — Paul Richards got the best role of his career as a young psychiatrist in the ABC television series "The Breaking Point" which premieres in the old "Ben Casey" slot this coming Monday.

How did he prepare for it? "How else?" he answered. "I went to a psychiatrist."

"As a patient?" "Yes, as a patient."

Richards thus becomes the first Hollywood actor ever to deduct his psychiatrist as both a medical and business expense.

Richards did much more research than mere couching in the doctor's office. He listened to hundreds of taped conversations between doctor and patient; read scores of case histories and watched psychiatrists at work in clinics.

Reflecting the movie trend to raw realism, "Breaking Point" will deal with such problems as nymphomania, homosexuality, rape etc.

"Let's face it," says Richards, "these fellows don't treat gas pains."

But mainly the series will deal with people who crack under the pressures of the so-called breaking point. The shows are not soap opera psychiatry—and fortunately too late at night for the kiddies.

"Ben Casey" moves to Wednesday night in competition with CBS "The Beverly Hillbillies."

Parakeet Captures Sparrows' Nest

NASSAU, N.Y. (AP) — The toughest bird on the block is the parakeet who took over the sparrows' nest.

When a family of sparrows left their nest for a brief fling, the parakeet moved into the birdhouse and pushed the sparrows nest out the door.

When the sparrows returned, they found the parakeet ensconced in his own nest.

This vignette of muscle in birdland was witnessed this week by Mr. and Mrs. Clarence Visscher, who own the birdhouse. They could not determine who owned the parakeet.

Scholars Taking New, Deeper Look Into Life of Ohio's Warren Harding

MARION, Ohio (AP)—Scholars are taking new and deeper looks into the life of an Ohio man who became the nation's 29th president — Warren Gamaliel Bantroft Winnipeg Harding.

A group of 75 of the nation's historians last year listed the Ohioan among the "failure" presidents; some called him the "worst" of the lot.

"WG," as he came to be known, was born Nov. 2, 1865, in what was then Corsica, Morrow County, now Blooming Grove.

He left school at 16 to go to work, subsequently resumed his formal education and earned a Bachelor of Science degree from now-defunct Ohio Central College in Iberia.

At length he became editor and publisher of what is now the Marion Star. He tossed his hat into the political ring by being elected to the Ohio Senate in 1904 and later became the nation's 29th chief executive, the first editor ever to hold the office and the sixth tenant of the White House to be chosen from the Buckeye State.

The presidency was not, unfortunately, what Harding thought it might be. And when the successor to Woodrow Wilson and the predecessor of Calvin Coolidge died Aug. 2, 1923, not having served quite one full term, it was as a somewhat bitter and disillusioned man.

"WG," who considered himself "just folks," discovered that the ways of "just folks" would not suffice to combat such monumental scandals as that involving naval oil stores and referred to as "Teapot Dome."

Assuming the presidency truly in "times that try men's souls," Warren G. Harding, whose inaugural address was based on the theme, "back to normalcy," discovered that all too many people wanted no part of such a program. And his apparent inability to force or persuade them to his way of thinking contributed, in large measure, to the thunder of criticism that followed his death and administration.

Charles W. Thompson, in "Presidents I Have Known," titled his chapter on Harding "Babbitt in the White House," comparing the 29th president to Sinclair Lewis' conformist character.

The Baltimore Sun was to refer to "WG" as a "numbskull" and "the Marion stonehead." James Truslow Adams, in his "Epic of America," talked of Harding's campaigning for the presidency as "... akin to hearing the squeak of a timid field mouse after the thunder of battle had rolled away."

The year 1965 will mark the centennial of Harding's birth. As the centennial draws near, two authors are working hard on books about Harding, paying visits to Marion to glean information and try to find new material. Both authors assert the books will focus a new light of revelation on the man entombed in the great white memorial on this city's south side.

Many Marion residents have met Randolph C. Downes, professor of history at Toledo University, and Dean Albertson, assistant professor of history at Brooklyn (N.Y.) College.

Prof. Downes has declared pointedly that he seeks to perform "... a scholarly appraisal of Warren G. Harding." Prof. Albertson has said that his sole aim in writing about the 29th president is "to tell the truth" about the Ohioan.

"It is a job for the historian, not the commentator, textbook writer or popularizer, to analyze and interpret Mr. Harding's life as a whole," said Prof. Downes. "Unfortunately, historians have waited too long."

Said Prof. Albertson: "I have thought about Harding for many years as a man much maligned, who, perhaps, perhaps not, deserved the ill reputation he received at the hands of writers who obviously had not searched Harding's record with completeness and diligence."

Both historians are hoping, if possible, to have a look at some of the Harding memorabilia currently in the possession of Marion's Dr. Carl Sawyer, president of the Harding Memorial Association.

Dr. Sawyer's father was Harding's personal physician, and for some time he has been cataloging letters and papers in a collection said to number many hundreds of pieces.

Prof. Albertson says flatly that his research will not be complete until he has seen this collection. He wrote:

"I can tell you this much about research on Warren G. Harding. It is like trying to piece together a 100,000-piece jigsaw puzzle because, unlike so many other projects in historical writing, no corpus of material basic to an understanding of the man himself has yet appeared. Perhaps the Harding Memorial Association papers will be such an archive. I hope so."

Dr. Sawyer has indicated his collection will indeed be released for the benefit of research on Harding, but he has declined to say when this might be.

What, precisely, does Prof. Albertson intend to say about "WG?"

"Truthfully," he says, "I don't know. Those who expect the new research to redeem Harding to his 'rightful place' alongside Abraham Lincoln will be disappointed."

"On the other hand, the prophets who proclaimed him 'the worst President in American history' are in for some surprises."

But both Prof. Albertson and Prof. Downes, in discussing their forthcoming works, leave ajar the door of possibility that the misfortune that befell the Marion man in the White House was not, by any means, simply the consequence of a monstrous inability to master the mechanics that constituted the presidency, and that the true character of Harding never really manifested itself in the nation's highest office.

HARDING MEMORIAL ASSOCIATION.

Dr. Sawyer's father was Harding's personal physician, and for some time he has been cataloging letters and papers in a collection said to number many hundreds of pieces.

Prof. Albertson says flatly that his research will not be complete until he has seen this collection. He wrote:

Parakeet Captures Sparrows' Nest

NASSAU, N.Y. (AP) — The toughest bird on the block is the parakeet who took over the sparrows' nest.

When a family of sparrows left their nest for a brief fling, the parakeet moved into the birdhouse and pushed the sparrows nest out the door.

When the sparrows returned, they found the parakeet ensconced in his own nest.

This vignette of muscle in birdland was witnessed this week by Mr. and Mrs. Clarence Visscher, who own the birdhouse. They could not determine who owned the parakeet.

Today in Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — In the news from Washington: POLAR INSPECTION: The United States has announced it will carry out an inspection of bases in Antarctica — including four maintained by the Soviet Union — under a 1959 treaty binding 12

50 Lucky Ohio Hunters To Get Special Rights

By THE ASSOCIATED PRESS
Ohio's Department of Wildlife has scheduled a drawing just for nimrods.

The 2400-acre Kelleys Island area in Lake Erie will be open to 50 lucky Ohio hunters during the upland game season. The lucky ones will be determined in a drawing, and each may take one guest. Applications must be made to the wildlife division on October 14 and get into the drawing.

Good perch fishing — Most of them in the seven to eight-inch class — is just starting in Lake Erie. Some 13-inch walleyes also are being taken, and the smallmouth bass are starting their fall biting.

Dr. L. G. Dunmore, Barnesville physician and president of the Ohio Huskie Muskie Club, landed a 44½-inch 23-pound scrapper Aug. 29 at Piedmont Reservoir — his second bragging-sized one of the year.

State park managers throughout Ohio have started marking submerged stumps and other obstacles which are hazards to boaters due to low water levels. Officials said the submerged stumps are valuable to fishermen and cost of their removal would be prohibitive. White stakes will identify the hazards.

A wildlife division survey showed that 26.5 squirrels were killed for each 100 hours of hunting on the Sept. 6 opening day. Last year the crackshots took 30.4 squirrels for each 100 hours. Three non-fatal accidents were reported opening day.

Pheasant hunters get a break starting Nov. 15 at North Bass Island.

They'll be allowed to shoot four hens or cocks daily there, in an attempt to cut down the bird population which has been eating too many grapes on a 350-acre plot cultivated by a winery.

Two Days in Paris

PARIS (AP) — The latest figures on foreign visitors to France indicate "a certain stagnation" in the tourist business according to a report of the committee on tourism of the National Assembly.

The number of visitors increased only 3.3 per cent from 1960 to 1961, the report said, and preliminary figures showed a similar low growth rate from 1961 to 1962.

In addition, the report said, foreigners are tending to stay shorter periods in France, an average of about 2.5 days.

nations to use the area only for peaceful purposes.

The inspection, to be carried out between November and March "is not based on any anticipation that there have been treaty violations ... indeed the United States believes that any inspection ... will in fact reinforce the basis of mutual confidence that prevails in Antarctica." The State Department said.

The statement said the United States has advised other treaty nations that it would welcome an inspection of U.S. bases.

The treaty specifically forbids any nuclear explosions or the disposal of radioactive waste material.

KEEP CLICKING: The Army has ordered its commands around the world to make certain that civilian news photographers are not hindered by military personnel off installations unless classified information is involved.

The message was apparently triggered by a recent incident in which an Army pilot of a helicopter which crashed on civilian property during a rescue operation in California, ordered a civilian photographer to destroy his film of the damaged copter. The action was later approved by the pilot's superior at Ft. Ord, Calif., with the remark: "The pilot wanted to preclude any unfavorable comment so far as his navigation was concerned. ... some times you people write anything."

HIGH SPYING: Dr. Edward C. Welsh, executive secretary of the National Aeronautics and Space Council, expressed little doubt that Soviet satellites have done some spying over the United States.

There has been no official word but there is widespread speculation that U.S. spacecraft like Samos and Midas carry out such missions. And Welsh told an Air Force Association symposium Friday it would be stupid to conclude that Russian satellites are not making similar observations.

California GOP Blood Bath Feared

LOS ANGELES (AP)—The Los Angeles Times quoted Republican National Committeeman Joseph L. Martin Jr. Thursday as saying he fears a GOP "blood bath" should New York Gov. Nelson A. Rockefeller field a presidential delegation in California.

Martin said, however, he was informed by George L. Hinman that Rockefeller has every intention of running in the California primary next year. Hinman is the GOP national committeeman from New York and the Rockefeller family attorney.

Brazil Woods Fire Continues Threat

CURATIBA, Brazil (AP)—Fires ravaging the state of Parana threatened neighboring Sao Paulo today as firemen sought to save coffee and lumber land.

Forest rangers flying over the stricken zone spotted several fires in the southern tip of Sao Paulo State.

More than 140,000 persons have been left homeless by the fires which have razed 30 per cent of Parana's coffee and lumber area, parched by an eight-month drought. The number of dead is not known although officials have discounted reports that 250 perished.

"WG," who considered himself "just folks," discovered that the ways of "just folks" would not suffice to combat such monumental scandals as that involving naval oil stores and referred to as "Teapot Dome."

Mrs. McNeal Entertains Church Group

The Women's Fellowship of the Church of the Brethren met Thursday in the home of Mrs. Roy McNeal.
There were six members and four guests present. The meeting opened with prayer by Mrs. Emma Essick.
Mrs. McNeal, a member of the witness and service committee, read a letter received from missionary, Miss Kathryn Kirarofe, of Anklesaur Broach District, India, who told of some of her experiences.
Psalm 112 was read by Francis Cupp. Readings were given by Virginia Cupp, Arietta McNeal, Emma Essick, Phyllis Cupp, Kathleen McNeal.
Mrs. Harold Dowden discussed a study on Brethren Membership in the United States.
A contest was won by Virginia Cupp. Refreshments were served by Mrs. McNeal and daughter, Kathleen.
The next meeting will be held Oct. 10 at the church. Mrs. Essick will present the worship experience program.

Members of Guild Schedule Session

Berger Hospital Guild No. 19 will meet 8 p. m. Tuesday in the home of Mrs. Don Woodward, Route 3.

Garden Club Hears Talk on African Violet

Mrs. LeRoy Tucker gave a talk and demonstration on African Violet culture when the Pickaway County Garden Club met Thursday evening at Atwater School. There were 28 members and two guests, Mrs. Lloyd Wilkinson, Columbus and Mrs. Joseph Noecker, present.

Mrs. George Lawson introduced the speaker stating that she belonged to the Columbus and the State and the National African Violet Societies. She stated that she was also a member of the African Violet Judge's Council.

Mrs. Tucker said that success in growing African violets had come her way only after she started growing plants by rooting leaves.

In her very thorough demonstration she showed how to label the leaves by sticking on a square of tape with the variety name written on it.

Mrs. Tucker stated the fertilizer must be used often but sparingly. Very dry plants can easily be overwatered. If a plant is really dry it should be given only a couple of tablespoons of water at first.

She had a collection of violet blooms which included several rare double and unusual colors.

Annual reports were given by various committee chairmen. Mrs. L. E. Foreman reported on the cards and flowers committee; Mrs. James Moffitt on the workshop and Mrs. Donald Archer on ways and means.

Mrs. Archer noted that the 1964 flower arrangement calendars were available for purchase. She said that workbooks would be on sale at Pumpkin Show in the Flower exhibit building. The committee is planning to sell dried arrangements as well as potted plants at this time. Members are to report to the home of Mrs. Ned Harden, 146 Park Place, 9:30 a. m. Sept. 24 to help construct the dred arrangements.

Mrs. Theodore Huston gave the president's annual report. She also announced that Mrs. Schubert Measamer had been invited to exhibit an arrangement at the Central Atlantic District meeting to be held at Toledo.

Mrs. Edwin Richardson distributed schedules for the First Annual Strolling Flower Show to be held at the Great Southern Shopping Center in Columbus October 4 and 5.

Mrs. Joseph Noecker was welcomed as a new member.

After the business session refreshments were served from a table covered with a gold and white cloth. The centerpiece was of pink tipped dahlias, gold grapes and ivy in a gold and white composite type container.

The hospitality committee consisted of Mrs. Paul White, chairman, Mrs. C. P. Heiskell, Mrs. D. J. Carpenter, Mrs. Kenny Hannan, Mrs. John Eshelman, Mrs. Ralph Holmes and Mrs. A. P. McCoard.

Berger Guild 27 Schedules Meeting

Berger Hospital Guild No. 27 will meet 8 p. m. Tuesday in the home of Mrs. Robert Wavering, 376 Meadow Lane.

Members are reminded to bring wool socks, buttons, felt, needle and thread.

Ladies Auxiliary To Meet Wednesday

Ladies Auxiliary of Hannah Council 5297, Knights of Columbus will meet 8 p. m. Wednesday in the council room, Pickaway and Franklin Sts.

Miss Szunyogh Engaged to David Thomas

Mr. and Mrs. Albert Szunyogh, Strongsville, O., are announcing the engagement of their daughter, Kathleen Mary, to Mr. David Dunick Thomas, son of Mr. and Mrs. Andrew Thomas, Route 3.

Miss Szunyogh, an education major at Ohio University, is a member of Alpha Gamma Delta Sorority and is a student teaching in the Cleveland school system.

Mr. Thomas received his degree from Ohio University where he was a member of Sigma Chi, social fraternity, and Sigma Delta Chi, professional business fraternity. He is now attending the United States Naval Officer Candidate School in Newport, R. I.

A winter wedding is planned.

Sunday School Class Plans Thursday Meet

The Willing Workers Sunday School Class of Pontious EUB Church will meet 2 p. m. Thursday in the home of Mrs. Porter Martin, Route 3.

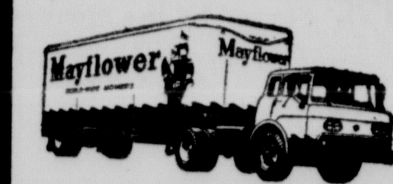

Wife Preservers

Hide a dam in a sock heel by taking a tiny tack across the heel sole. This will draw mended place down out of sight.

NHU ATTACK—Mrs. Ngo Dinh Nhu, sister-in-law of South Viet Nam's president, Ngo Dinh Diem, accuses President Kennedy of appeasement as she talks to newsmen in Belgrade, Yugoslavia. She said her forthcoming visit to the United States may be like entering "a cage of lions."

Dear Abby: He Let Go of Reins!

by Abigail Van Buren

DEAR ABBY: I thought I was a "good" husband for 14 years, but now I wonder. We had three children. They were raised to understand that Mother was the boss, and Father was good for only the pay check. My wife made all the decisions, and I let her. I wanted a peaceful home without arguments. The result. My wife lost respect for me and my children did the same. Right now I am being divorced because I am "boring" to live with. I am giving my wife our home (PAID FOR) \$20 a month for child support. I let her charge me with "mental cruelty" without protesting. Meanwhile, my brother sits at his table and eats steak, while his wife and children eat beans and bread. His wife adores him and his children worship him. His work is law and he is treated like a king. So, who is crazy?

"TOO GOOD?"
DEAR "TOO": You're not, but

OES Members Conduct First Fall Session

Circleville Chapter No. 90, Order of the Easter Star held their first fall meeting recently in the Masonic Temple. Guests present were Miss Marie Hamilton, past grand matron of the Grand Chapter of Ohio, Mrs. Gladys R. Shepherd, Grand Representative of Nevada in Ohio and Mr. and Mrs. Ralph H. Robb, worthy Matron and Worthy Patron of Crown Chapter No. 8, Columbus. Past Matrons and Past Patrons present were Mrs. Bonnie Rector, Miss Hamilton, Mrs. Shepherd, Clarence Radcliffe, Kenneth Shepherd and Walden Reichelderfer.

The business meeting was in charge of the worthy matron, Mrs. Garnet Felkey. Reports were received by standing committees and special committees. It was announced that the next meeting to be held Sept. 24 would be Friend ship Night with Kingston Chapter as guests. Officers are asked to wear their formal. A reception will be held 8 p. m. Sept. 28 in the Masonic Temple honoring Mrs. Shepherd, Grand Representative of Nevada in Ohio. The chapter will also serve a dinner for the Blue Lodge, Oct. 5.

An invitation was received to attend a reception honoring Mrs. Jessie Negus, Grand Conductress of the Grand Chapter of Ohio to be held 8 p. m. today in the Union Local High School, Morristown.

Purity Chapter No. 55 will hold Friendship Night and a Hobo Party 8 p. m. today in the New Holland Masonic Temple. Honored guests are members of Forest Chapter No. 122 Bloomingburg. Chillicothe Chapter 419 will have Friendship Night, Sept. 25 at 7:30 p. m. in the chapter rooms honoring John R. Liber, Worthy Grand Patron of the Grand Chapter of Ohio and Member of Jefferson Chapter No. 300.

Correspondence was read regarding the "pre-registration" for the Grand Chapter Session to be held in Cleveland Nov. 5, 6 and 7. Any one interested in pre-registering should contact Mrs. Emma Curlett secretary. Also any Past Matron or Past Patron attending the Grand Chapter Session is asked to contact Mrs. Curlett for the necessary credentials.

A social hour was enjoyed in the dining room with refreshments served by Mrs. Felkey, Worthy Matron.

Leftover cooked chicken and rice in the refrigerator? Mix the two, using equal amounts of each, and moisten with tomato sauce. Top with partly cooked bacon strips and heat in the oven.

When you have a leg of lamb boned and rolled for a roast, make stock out of the bones and use for barley soup.

We can help you

when you abdicated your position as "head of the house", you invited the loss of face that followed. Being a "good" husband is not enough. Being respected is equally important. And about your brother. A man who eats steak while his wife and children eat beans is sick. And the family who could "adore and worship" such a man is as sick as he is. So don't rationalize your own evasions in terms of your brother's selfishness.

DEAR ABBY: I read somewhere that a woman should never go to sleep without "making up". I was taught that it is very bad for the complexion to go to sleep without washing your face. Can you please advise me?

CONFUSED
DEAR CONFUSED: You probably read "somewhere" that if a woman has a quarrel with her husband she should never go to sleep without "making up" WITH him — not FOR him. You were taught properly. Always wash your face before going to sleep.

DEAR ABBY: How old does a man have to be before he starts acting old? John is 42 and I am 40 and we have been married 20 years. We have two sons, 16 and 18. John's place of business is only a few blocks from here so he comes home for lunch every day, which makes matters worse. I know that when a man is first married he likes to hug and kiss and show a lot of affection, but isn't he supposed to let up a little with the years? John is a wonderful husband in every way and I love him very much, but I would be satisfied with just a good night kiss—if you know what I mean.

NO MATCH FOR HIM
DEAR NO MATCH: Yes, I know what you mean, and your complaint is not uncommon. When a man and his Mrs. are not operating in the same frequency, they should visit their family doctor for some frank talk and advice. Yours is too young to start "acting old"—and so are you.

CONFIDENTIAL TO "J": The answer is obvious. When you're with the one you love, you love the one you're with.

Methodist Unit Meets in Dixon Home

Circle No. 7 of the First Methodist Church met 9:30 a. m. Thursday in the home of Mrs. John Dixon, 1080 Sunshine Drive. Mrs. Donald Colgrove was assisting hostess.

The program, "Members One of Another" was presented by Mrs. Marshall Douthett, spiritual life chairman.

Three new members Mrs. Dennis Blecha, Mrs. Fritz Jacobs and Mrs. Ethel Palsgrove, were introduced.

The beautifully decorated coffee table highlighted the patio. Fourteen members present included, Mrs. J. B. Stout, Mrs. Donald Colgrove, Mrs. Dennis Blecha, Mrs. Sally Brown, Mrs. Ray Carroll, Mrs. Hal Dickinson, Mrs. Marshall Douthett, Mrs. A. W. Graf, Mrs. Walter Heine, Mrs. Fritz Jacobs, Mrs. Robin Jones, Mrs. Ethel McFarland, Mrs. William Walker, Mrs. Ernest Young.

Five Points WCTU Members Hold Session

Mrs. Arthur Winfough extended the hospitality of her home to the members of the Five Points WCTU Wednesday afternoon.

Mrs. Francis Furniss, president, opened the meeting with group singing of "Some Glad Day," followed by Scripture reading from Matt. 13:24-31 by Mrs. Clark McCafferty, and meditation and prayer. The title of the devotion was "The Upside Down World."

Roll call was answered by eight members responding with a favorite Bible verse. Mrs. Shirley Anderson, secretary, and Mrs. Herman Porter, treasurer, reported. All members present paid dues for the coming year.

Mrs. Harry A. Dick gave a very interesting talk on the Crusade Leaders and Mrs. Furniss reported on the National Convention which she attended in Columbus. She also reviewed a chapter of the new study book, "Mind If I Smoke?"

Plans were made to attend the County Convention at Hedges Chapel and the meeting closed with the benediction.

Refreshments were served by Mrs. Winfough, Mrs. Ned Long and Mrs. Lyle Ingman will be hostesses for the October Meeting.

Mrs. Hedges To Host Group C Thursday

Mrs. B. T. Hedges, 134 Watt St., will host members of Group C of the Women's Association of the Presbyterian Church 2 p. m. Thursday.

Group Schedules Meeting Tuesday

Pickaway County Registered and Graduate Nurses Assn. will meet 8 p. m. Tuesday in the home of Mrs. Beverly Imboden, 331 Pohlman Road, Chillicothe.

The group will meet 7:15 p. m. at Berger Hospital to arrange transportation.

"What Every Child Needs" will be discussed by the chief of psychology service at Chillicothe Veterans Hospital.

NEW MODEL?—Strolling one of the fair lanes in Padenghe, Italy, is Mrs. Christina Vetore Austin, 34, widow of a British naval officer, who says she'll wed Henry Ford II as soon as he gets divorce.

Finely diced celery mixed with chopped toasted blanched almonds and enough mayonnaise to moisten make a delightful teatime sandwich spread. This filling is particularly good on brown bread.

Mrs. Bales Hosts Meet Of Circle 5

Circle No. 5, Woman's Society of Christian Service of First Methodist Church met Wednesday evening in the home of Mrs. R. R. Bales, 207 E. Main St. Assisting hostesses were Mrs. Francis Donohoe, Mrs. Glyn Hoover and Mrs. Roliff Wolford.

The business meeting was conducted by Mrs. Larry Graham, chairman, who opened with prayer and group reading of the purpose of the woman's society.

Mrs. Robert I. Elsea was appointed chairman of the sunshine fund and Mrs. Ralph Amey chairman of the telephone committee.

Circle No. 5 will have charge of arrangements for the General Meeting of the Woman's Society Oct. 1. The program will include a skit to be written and directed by Mrs. Paul Town.

The evening's program "A Sea of Giving," was presented by Mrs. Harold Wilson, assisted by Mrs. Harold Defenbaugh, Mrs. Bales, Mrs. Milton Grist and Mrs. Town. A pledge service was conducted and members made their yearly pledge to the total budget of the Woman's Society of Christian Service.

Refreshments were served by the hostesses.

Ladies Aid Meeting Held

The Morris EUB Ladies Aid met Wednesday in the home of Mrs. Roy Strawser. Group singing was conducted.

Mrs. Carl Anderson offered prayer and Mrs. Bea Adams read Scripture and presented prayer.

Mrs. Sylvia Riffle, secretary, reported. Plans were discussed for a family get-together. Fifteen calls were made and 44 cards mailed. Mrs. Roy England presented the closing prayer.

Refreshments were served to seven members and one guest, Helen Dunkle.

Want to change the flavor of waffles? Add spice — cinnamon, ginger and cloves — to the batter.

WHAT HATH TIME WROUGHT?—President and Mrs. Kennedy are marking 10 years of married life this month, and they do look a bit different now (right) than they did at their wedding (left) in Newport, R.I. His hair is much the same, but hers, that's different.

Mrs. McNeal Entertains Church Group

The Women's Fellowship of the Church of the Brethren met Thursday in the home of Mrs. Roy McNeal.

There were six members and four guests present. The meeting opened with prayer by Mrs. Emma Essick.

Mrs. McNeal, a member of the witness and service committee, read a letter received from missionary, Miss Kathryn Kirarofe, of Anklesaur Broach District, India, who told of some of her experiences.

Psalm 112 was read by Francis Cupp. Readings were given by Virginia Cupp, Arietta McNeal, Emma Essick, Phyllis Cupp, Kathleen McNeal.

Mrs. Harold Dowden discussed a study on Brethren Membership in the United States.

A contest was won by Virginia Cupp. Refreshments were served by Mrs. McNeal and daughter, Kathleen.

The next meeting will be held Oct. 10 at the church. Mrs. Essick will present the worship experience program.

Members of Guild Schedule Session
Berger Hospital Guild No. 19 will meet 8 p. m. Tuesday in the home of Mrs. Don Woodward, Route 3.

Garden Club Hears Talk on African Violet

Mrs. LeRoy Tucker gave a talk and demonstration on African Violet culture when the Pickaway County Garden Club met Thursday evening at Atwater School. There were 28 members and two guests, Mrs. Lloyd Wilkinson, Columbus and Mrs. Joseph Noecker, present.

Mrs. George Lawson introduced the speaker stating that she belonged to the Columbus and the State and the National African Violet Societies. She stated that she was also a member of the African Violet Judge's Council.

Mrs. Tucker said that success in growing African violets had come her way only after she started growing plants by rooting leaves.

In her very thorough demonstration she showed how to label the leaves by sticking on a square of tape with the variety name written on it.

Mrs. Tucker stated the fertilizer must be used often but sparingly. Very dry plants can easily be overwatered. If a plant is really dry it should be given only a couple of tablespoons of water at first.

She had a collection of violet blooms which included several rare double and unusual colors.

Annual reports were given by various committee chairmen. Mrs. L. E. Foreman reported on the cards and flowers committee; Mrs. James Moffitt on the workshop and Mrs. Donald Archer on ways and means.

Mrs. Archer noted that the 1964 flower arrangement calendars were available for purchase. She said that workbooks would be on sale at Pumpkin Show in the Flower exhibit building. The committee is planning to sell dried arrangements as well as potted plants at this time. Members are to report to the home of Mrs. Ned Harden, 146 Park Place, 9:30 a. m. Sept. 24 to help construct the dried arrangements.

Mrs. Theodore Huston gave the president's annual report. She also announced that Mrs. Schubert Measamer had been invited to exhibit an arrangement at the Central Atlantic District meeting to be held at Toledo.

Mrs. Edwin Richardson distributed schedules for the First Annual Strolling Flower Show to be held at the Great Southern Shopping Center in Columbus October 4 and 5.

Mrs. Joseph Noecker was welcomed as a new member.

After the business session refreshments were served from a table covered with a gold and white cloth. The centerpiece was of pink tipped dahlias, gold grapes and ivy in a gold and white composite type container.

The hospitality committee consisted of Mrs. Paul White, chairman, Mrs. C. P. Heiskell, Mrs. D. J. Carpenter, Mrs. Kenny Hannan, Mrs. John Eshelman, Mrs. Ralph Holmes and Mrs. A. P. McCoard.

Berger Guild 27 Schedules Meeting

Berger Hospital Guild No. 27 will meet 8 p. m. Tuesday in the home of Mrs. Robert Wavering, 376 Meadow Lane.

Members are reminded to bring wool socks, buttons, felt, needle and thread.

Ladies Auxiliary To Meet Wednesday

Ladies Auxiliary of Hannah Council 5297, Knights of Columbus will meet 8 p. m. Wednesday in the council room, Pickaway and Franklin Sts.

Dear Abby: by Abigail Van Buren

He Let Go of Reins!

DEAR ABBY: I thought I was a "good" husband for 14 years, but now I wonder. We had three children. They were raised to understand that Mother was the boss, and Father was good for only the pay check. My wife made all the decisions, and I let her. I wanted a peaceful home without arguments. The result, My wife lost respect for me and my children did the same. Right now I am being divorced because I am "boring" to live with. I am giving my wife our home (PAID FOR) \$20 a month for child support. I let her charge me with "mental cruelty" without protesting. Meanwhile, my brother sits at his table and eats steak, while his wife and children eat beans and bread. His wife adores him and his children worship him. His wife is law and he is treated like a king. So, who is crazy?

"TOO GOOD!"
DEAR "TOO": You're not, but

OES Members Conduct First Fall Session

Circleville Chapter No. 90, Order of the Eastern Star held their first fall meeting recently in the Masonic Temple. Guests present were Miss Marie Hamilton, past grand matron of the Grand Chapter of Ohio, Mrs. Gladys R. Shepherd, Grand Representative of Nevada in Ohio and Mr. and Mrs. Ralph Robb, Worthy Matron and Worthy Patron of Crown Chapter No. 8, Columbus. Past Matrons and Past Patrons present were Mrs. Bonnie Rector, Mrs. Hamilton, Mrs. Shepherd, Clarence Radcliffe, Kenneth Shepherd and Walden Reichelderfer.

The business meeting was in charge of the worthy matron, Mrs. Garnet Felkey. Reports were given by standing committees and special committees. It was announced that the next meeting to be held Sept. 24 would be Friendship Night with Kingston Chapter as guests. Officers are asked to wear their formal attire. A reception will be held 8 p. m. Sept. 28 in the Masonic Temple honoring Mrs. Shepherd, Grand Representative of Nevada in Ohio. The chapter will also serve a dinner for the Blue Lodge, Oct. 5.

An invitation was received to attend a reception honoring Mrs. Jessie Negus, Grand Conductress of the Grand Chapter of Ohio to be held 8 p. m. today in the Union Local High School, Morris-town.

Purity Chapter No. 55 will hold Friendship Night and a Hobo Party 8 p. m. today in the New Holland Masonic Temple. Honored guests are members of Forest Chapter No. 122, Bloomingburg. Chillicothe Chapter 419 will have Friendship Night, Sept. 25 at 7:30 p. m. in the chapter rooms honoring John R. Liber, Worthy Grand Patron of the Grand Chapter of Ohio and Member of Jefferson Chapter No. 300.

Correspondence was read regarding the "pre-registration" for the Grand Chapter Session to be held in Cleveland Nov. 5, 6 and 7. Any one interested in pre-registering should contact Mrs. Emma Curlett secretary. Also any Past Matron or Past Patron attending the Grand Chapter Session is asked to contact Mrs. Curlett for the necessary credentials.

A social hour was enjoyed in the dining room with refreshments served by Mrs. Felkey, Worthy Matron.

Leftover cooked chicken and rice in the refrigerator? Mix the two, using equal amounts of each, and moisten with tomato sauce. Top with partly cooked bacon strips and heat in the oven.

When you have a leg of lamb boned and rolled for a roast, make stock out of the bones and use for barley soup.

Circleville Gridders Top Teays Valley in 41-0 Romp

THE DUKE BULLS — Duke Fyffe (37), charging head down, fights his way over the goal line last night for the final TD of the game. Clearing his way is senior guard, Joe List, (66). Fyffe scored three touchdowns and two conversions for 22 points.

The Circleville High School football team looked like a completely different group of gridders than the unit that opened the season as they romped to a 41-0 victory last night over Teays Valley, the host team.

Yankees Clinch 28th Flag on Friday, 13th

By THE ASSOCIATED PRESS
Next year, for a novelty, the New York Yankees are going to clinch the American League pennant while standing under a step-ladder, throwing their bats on the bed, and breaking mirrors, as black cats cross their paths.

That will eliminate the other superstitions.

They took care of Friday the 13th when they clinched their fourth straight pennant, eighth in nine years, 13th in 15 and 28th since the first one in 1921. The clincher came against Minnesota, 2-0.

Jim Bouton pitched the victory, his 20th. The Twins' ace, Camilo Pascual, had only one bad inning, the fourth, when Joe Pepitone and Johnny Blanchard hit homers, but it was enough.

The Twins fell into a second-place tie with the Chicago White Sox, who whipped the Washington Senators 5-2. They are 14 games behind with 13 to play.

Detroit tightened its grip on fifth place with a 3-2 decision over Baltimore. Boston beat the Kansas City Athletics 7-3 and Cleveland edged the Los Angeles Angels 7-6 in 12 innings on Joe Adcock's homer.

In the National League, the St. Louis Cardinals blasted Milwaukee 7-0 while the Los Angeles Dodgers split a doubleheader with the Philadelphia Phillies, losing 3-2 and winning 2-1. Pittsburgh took San Francisco 5-4 in 13 innings, the Chicago Cubs topped Cincinnati 3-2 and Houston edged the New York Mets 1-0.

Bouton pitched a six-hitter and joined Whitey Ford in the 20-game victory ranks. Ford has 22. They are the only two 20-game winners in the league. The shut-out was Bouton's sixth, tying him with Chicago's Ray Herbert for the most in the AL.

The young right-hander had trouble only in the eighth, when the Twins loaded the bases on a single and two walks. He got Harmon Killebrew on a grounder to end the threat.

Pascual failed for the third time in his quest for No. 19.

The Tigers dominated the game statistically, and were in complete control for most of the game. They gained a total of 202 yards while the Vikings gained 47.

And the majority of the opponents yards came on the next to the last play of the game, when Gary Pennington ripped off a 35 yard run and the first first down for the Vikings. There was less than a minute to play at the time.

The Viking defense could do little to hold Circleville. "We were beaten by a real good team," was Marion Wait's brief summary of the encounter. Wait's is the Viking grid coach.

THE FIRST time the Tigers got the ball they moved 45 yards on four plays for the touchdown. Duke Fyffe climaxed the drive with a 22 yard run. Only two minutes and 24 seconds of playing time had elapsed.

	C	TV
First downs rushing	3	1
First downs passing	1	0
First downs penalties	1	0
Net yards rushing	156	47
Net yards passing	46	0
Total offense	202	47
Passes Attempted	10	6
Passes completed	2	1
Interceptions	1	1
Penalties	45	1
Fumbles lost	3	1
Punts	2(30)	8(24)

The second Circleville touchdown came one minute and 29 seconds later when Tom Copland, playing heads-up defensive football, intercepted a pass from Viking quarterback Dave Roese and raced 22 yards for a touchdown. It came on the second play from scrimmage for Teays Valley.

Fyffe charged over the middle of the line for the two points after the touchdown and Circleville led 14-0.

The Tigers kicked off to Teays Valley and starting from their own 34, the Vikings were able to gain only six yards on three plays. On the fourth they punted.

It was partially blocked by Howard Fletcher and went for practically no yardage at all.

Circleville took over on the Teays Valley 40 yard line. On the first play, the Tigers were offside and set back five yards for a first and 15 situation.

THE NEXT play, Jim McCoskey up the middle, gained four yards and then Hodge Dade was thrown for a five yard loss to make it third and 16 for the first down.

It was then that Tom Tootle fumbled back and uncorked a 46-yard touchdown pass play to Hodge Dade for a 20-0 lead. There were still four minutes and 19 seconds remaining in the first quarter.

By the end of the initial period, the Tigers had piled up a total

of 114 yards. The Red and Black defense held Teays Valley to a net total of five yards the first quarter.

In the second period the offensive machine of the Tiger squad slowed somewhat. The touchdown came on a 21 yard run by Fyffe with 7:13 showing on the scoreboard clock.

Setting up the Duke's TD was a 20 yard punt return by Jim McCoskey. For the remainder of the period neither team's offense was able to generate much steam.

By halftime Circleville had gained only an additional 20 yards, giving them a total of 134 during the first half. Teays Valley's halftime total was 16 yards.

AFTER battling ineffectively for over half of the third period, Hodge Dade took a punt near his own 45 yard line, faked a handoff to McCoskey, and danced down the right sidelines to paydirt.

The try for the extra points was no good but the Tigers held a 33-0 lead.

The final TD came with 6:08 remaining in the game. And again it was Duke Fyffe carrying the ball across — this time from two yards out. He also bulled across for the extra points and the final score stood 41-0.

Teays Valley's lone first down of the game came against the Tiger second defensive team as Starr substituted freely in the final minutes of the fourth quarter, particularly on defense.

Duke Fyffe was the workhorse

Indianapolis Wins IL Playoff Title

ATLANTA (AP) — Indianapolis is the new owner of the Governor's Cup as the International League closed out its 1963 baseball season.

The Indians beat defending champion Atlanta 9-4 Friday night, winning the best-of-seven series 4-1.

Indianapolis took advantage of three Atlanta errors for four gift runs and five Atlanta pitchers were unable to stem the tide. Riverboat Smith, who relieved starter Dick Hughes in the first, was the loser.

Mike Joyce went the route for the Indians. The Crackers scored three runs in the bottom of the ninth, taking advantage of two Indian errors.

Michigan State has two brother combinations active in the Spartan sports program. Football has Dick and Jim Proebstle of Canton, Ohio and cross country has Ray and Russ Pletcher of Ashtabula, Ohio.

INCOMPLETE PASS — Gary Betts trapped an incomplete toss by Tom Tootle on the Teays Valley turf last night. The action is pictured in the third quarter of the tilt with a third and two situation.

SPORTS

The Circleville Herald, Sat. September 14, 1963 7
Circleville, Ohio

for the Tigers gaining 79 yards on 12 carries.

An indication of the explosive punch of the Tiger offense tonight was the fact they totaled only four first downs rushing during the game and one by penalty.

TWO of the touchdowns came on an intercepted pass and a punt return that went all the way.

Another was on a 22-yard run from scrimmage, another on a 46-yard pass play and yet another on a 21-yard run from scrimmage.

Only the final touchdown play originated inside the 20 yard line, when Fyffe went over from the two.

Leading ground gainer for Teays Valley was Gary Pennington, who racked up 42 yards, including one 35 yard run late in the game.

The second leading groundgainer from scrimmage for the Tigers was Hodge Dade who totaled 27 yards in six plays while Jim McCoskey gained 16 yards on seven carries.

Dade also added 46 yards on the Tigers TD pass completion.

ACTUALLY the air offense of the Tigers was not the best as they completed only a total of two of ten passes, good for a total of 61 yards.

The Vikings however fared a little better completing one of six. Both teams grabbed one interception.

"We looked a little more like a football club tonight," was the first remark made by Tiger coach Paul Starr after the game.

And backfield mentor Dick Fisher termed the Tigers play "real good the first half although they were a little nonchalant the second half."

Starr, discouraged by a lack of downfield blocking and a multitude of mistakes in last week's 7-0 triumph over Olenangy, repeatedly stated during the week that the potential was there for a fine Tiger football team.

At one time he frankly admitted that he would be disappointed if his team did not outscore Teays Valley by three or four touchdowns.

EXTRA POINTERS
Duke Fyffe fumbled the ball two times tonight, and both fumbles were recovered by the Vikings.

It was the first fumble for the Duke in two years of football. Last year he set a record for the most carries — 128 — from scrimmage

without a bobble, breaking the mark of 126 he had set the year before.

"You can say this," Tiger mentor Starr said after the game. "Duke will be carrying a football under each arm for the rest of the week."

When a Tiger fumbles, Starr tells them they must carry a ball constantly for the remainder of the week, even to bed.

Dade, who bobbed twice last week, apparently took the lesson learned to heart as he did a fine job of holding onto the ball.

At one time, a bad exchange in the backfield caused a fumble but Dade recovered, even though he was nailed for a sizable loss.

Back in action for Teays Valley was Dave Roese, junior quarterback.

Just before the Amanda game, Roese burned himself rather severely when he spilled hot coffee on his lap.

Earlier in the week, Viking coach Marion Wait's indicated that the veteran signal caller would be out of action for an indefinite period, but he seemed to be in top shape last night.

Roese looked like the top Viking both defensively and offensively, although he picked up several sizable losses on attempted passes when he could not get his receivers open in time.

The win was the 18th consecutive victory for the Tigers.

Next week they return to the Tiger athletic field for a three game home stand.

Friday they host Reynoldsburg. The following week the South Central Ohio League season opens with the appearance here of Pleasantview and on Oct. 4 the home stand will be climaxed when the Blue Lions of Washington C. H. invade Roundtown for the annual homecoming.

The Teays Valley press box was packed as tight as a sardine can during the first half of the game last night. Coach Bill Mosure and the Tiger publicity man Dave Amey finally left at the half time. It seems the two Tiger rooters were the only ones of their set on the south side of the field

LARGE CROWD AT GAME — A capacity plus crowd was in attendance last night as the Circleville Tigers sank the Teays Valley Vikings, 41-0. This shot was taken of the north bleachers where the Circleville fans were located. Paid admissions at the game were in excess of 3,000 and unofficial estimates put the crowd well over 4,000. (Photos by Beaver)

DADE ROMPS AT TV — Hodge Dade, (50) sophomore whiz, galloped for 20 yards last night against Teays Valley on the fourth play of the game. Dade clipped the right side of the line and was finally nailed after he had reversed his direction. Duke Fyffe, (37) rushes on in time to see Dave Bass knock down Dade's tackler. Bass is under Dade and his opponent, Vikings shown are Bill Younkin (62), Charles Conrad (85), Mike Seymour (84), Mike Wilson (63), Gary Pennington (24) and John Smith (23).

Circleville Gridders Top Teays Valley in 41-0 Romp

THE DUKE BULLS — Duke Fyffe (37), charging head down, fights his way over the goal line last night for the final TD of the game. Clearing his way is senior guard, Joe List, (66). Fyffe scored three touchdowns and two conversions for 22 points.

The Circleville High School football team looked like a completely different group of gridders than the unit that opened the season as they romped to a 41-0 victory last night over Teays Valley, the host team.

Yankees Clinch 28th Flag on Friday, 13th

By THE ASSOCIATED PRESS
Next year, for a novelty, the New York Yankees are going to clinch the American League pennant while standing under a step-ladder, throwing their bats on the bed, and breaking mirrors, as black cats cross their paths.

That will eliminate the other superstitions.
They took care of Friday the 13th when they clinched their fourth straight pennant, eighth in nine years, 13th in 15 and 28th since the first one in 1921. The clincher came against Minnesota, 2-0.

Jim Bouton pitched the victory, his 20th. The Twins' ace, Camilo Pascual, had only one bad inning, the fourth, when Joe Pepitone and Johnny Blanchard hit homers, but it was enough.

The Twins fell into a second-place tie with the Chicago White Sox, who whipped the Washington Senators 5-2. They are 14 games behind with 13 to play.

Detroit tightened its grip on fifth place with a 3-2 decision over Baltimore. Boston beat the Kansas City Athletics 7-3 and Cleveland edged the Los Angeles Angels 7-6 in 12 innings on Joe Adcock's homer.

In the National League, the St. Louis Cardinals blasted Milwaukee 7-0 while the Los Angeles Dodgers split a doubleheader with the Philadelphia Phillies, losing 3-2 and winning 2-1. Pittsburgh took San Francisco 5-4 in 13 innings, the Chicago Cubs topped Cincinnati 3-2 and Houston edged the New York Mets 1-0.

Bouton pitched a six-hitter and joined Whitey Ford in the 20-game victory ranks. Ford has 22. They are the only two 20-game winners in the league. The shut-out was Bouton's sixth, tying him with Chicago's Ray Herbert for the most in the AL.

The young right-hander had trouble only in the eighth, when the Twins loaded the bases on a single and two walks. He got Harmon Killebrew on a grounder to end the threat.

Pascual failed for the third time in his quest for No. 19.

The Tigers dominated the game statistically, and were in complete control for most of the game. They gained a total of 202 yards while the Vikings gained 47.

And the majority of the opponents yards came on the next to the last play of the game, when Gary Pennington ripped off a 35 yard run and the first first down for the Vikings. There was less than a minute to play at the time.

The Viking defense could do little to hold Circleville. "We were beaten by a real good team," was Marion Waits brief summary of the encounter. Waits is the Viking grid coach.

THE FIRST time the Tigers got the ball they moved 45 yards on four plays for the touchdown. Duke Fyffe climaxed the drive with a 22 yard run. Only two minutes and 24 seconds of playing time had elapsed.

	C	TV
First downs rushing	3	1
First downs passing	1	0
First down penalties	1	0
Net yards rushing	156	47
Net yards passing	46	0
Total offense	202	47
Passes Attempted	10	6
Passes completed	2	1
Interceptions	1	1
Penalties	45	1
Fumbles lost	3	1
Funts	2(30)	8(24)

The second Circleville touchdown came one minute and 29 seconds later when Tom Copland, playing heads-up defensive football, intercepted a pass from Viking quarterback Dave Roese and raced 22 yards for a touchdown. It came on the second play from scrimmage for Teays Valley.

Fyffe charged over the middle of the line for the two points after the touchdown and Circleville led 14-0.

The Tigers kicked off to Teays Valley and starting from their own 34, the Vikings were able to gain only six yards on three plays. On the fourth they punted. It was partially blocked by Howard Fletcher and went for practically no yardage at all.

Circleville took over on the Teays Valley 40 yard line. On the first play, the Tigers were offside and set back five yards for a first and 15 situation.

THE NEXT play, Jim McCoskey up the middle, gained four yards and then Hodge Dade was thrown for a five yard loss to make it third and 16 for the first down.

It was then that Tom Tootle faded back and uncorked a 46-yard touchdown pass play to Hodge Dade for a 20-0 lead. There were still four minutes and 19 seconds remaining in the first quarter.

By the end of the initial period, the Tigers had piled up a total

of 114 yards. The Red and Black defense held Teays Valley to a net total of five yards the first quarter.

In the second period the offensive machine of the Tiger squad slowed somewhat. The touchdown came on a 21 yard run by Fyffe with 7:13 showing on the scoreboard clock.

Setting up the Duke's TD was a 20 yard punt return by Jim McCoskey. For the remainder of the period neither team's offense was able to generate much steam.

By halftime Circleville had gained only an additional 20 yards, giving them a total of 134 during the first half. Teays Valley's halftime total was 16 yards.

AFTER battling ineffectively for over half of the third period, Hodge Dade took a punt near his own 45 yard line, faked a handoff to McCoskey, and danced down the right sidelines to paydirt.

The try for the extra points was no good but the Tigers held a 33-0 lead.

The final TD came with 6:08 remaining in the game. And again it was Duke Fyffe carrying the ball across — this time from two yards out. He also bulled across for the extra points and the final score stood 41-0.

Teays Valley's lone first down of the game came against the Tiger second defensive team as Starr substituted freely in the final minutes of the fourth quarter, particularly on defense.

Duke Fyffe was the workhorse

Indianapolis Wins IL Playoff Title

ATLANTA (AP) — Indianapolis is the new owner of the Governor's Cup as the International League closed out its 1963 baseball season.

The Indians beat defending champion Atlanta 9-4 Friday night, winning the best-of-seven series 4-1.

Indianapolis took advantage of three Atlanta errors for four gift runs and five Atlanta pitchers were unable to stem the tide. Riverboat Smith, who relieved starter Dick Hughes in the first, was the loser.

Mike Joyce went the route for the Indians. The Crackers scored three runs in the bottom of the ninth, taking advantage of two Indian errors.

Michigan State has two brother combinations active in the Spartan sports program. Football has Dick and Jim Proebstle of Canton, Ohio and cross country has Ray and Russ Fletcher of Ashtabula, Ohio.

INCOMPLETE PASS — Gary Betts trapped an incomplete toss by Tom Tootle on the Teays Valley turf last night. The action is pictured in the third quarter of the tilt with a third and two situation.

SPORTS

The Circleville Herald, Sat. September 14, 1963 7
Circleville, Ohio

for the Tigers gaining 79 yards on 12 carries.

An indication of the explosive punch of the Tiger offense tonight was the fact they totaled only four first downs rushing during the game and one by penalty.

TWO of the touchdowns came on an intercepted pass and a punt return that went all the way.

Another was on a 22-yard run from scrimmage, another on a 46-yard pass play and yet another on a 21-yard run from scrimmage.

Only the final touchdown play originated inside the 20 yard line, when Fyffe went over from the two.

Leading ground gainer for Teays Valley was Gary Pennington, who racked up 42 yards, including one 35 yard run late in the game.

The second leading groundgainer from scrimmage for the Tigers was Hodge Dade who totaled 27 yards in six plays while Jim McCoskey gained 16 yards on seven carries.

Dade also added 46 yards on the Tigers TD pass completion.

ACTUALLY the air offense of the Tigers was not the best as they completed only a total of two of ten passes, good for a total of 61 yards.

The Vikings however fared a little better completing one of six. Both teams grabbed one interception.

"We looked a little more like a football club tonight," was the first remark made by Tiger coach Paul Starr after the game.

And backfield mentor Dick Fisher termed the Tigers play "real good the first half although they were a little nonchalant the second half."

Starr, discouraged by a lack of downfield blocking and a multitude of mistakes in last week's 7-0 triumph over Olentangy, repeatedly stated during the week that the potential was there for a fine Tiger football team.

At one time he frankly admitted that he would be disappointed if his team did not outscore Teays Valley by three or four touchdowns.

EXTRA POINTERS
Duke Fyffe fumbled the ball two times tonight, and both fumbles were recovered by the Vikings.

It was the first fumble for the Duke in two years of football. Last year he set a record for the most carries — 128 — from scrimmage

without a bobble, breaking the mark of 126 he had set the year before.

"You can say this," Tiger mentor Starr said after the game. "Duke will be carrying a football under each arm for the rest of the week."

When a Tiger fumbles, Starr tells them they must carry a ball constantly for the remainder of the week, even to bed.

Dade, who bobbled twice last week, apparently took the lesson learned to heart as he did a fine job of holding onto the ball.

At one time, a bad exchange in the backfield caused a fumble but Dade recovered, even though he was nailed for a sizable loss.

Back in action for Teays Valley was Dave Roese, junior quarterback.

Just before the Amanda game, Roese burned himself rather severely when he spilled hot coffee on his lap.

Earlier in the week, Viking coach Marion Waits indicated that the veteran signal caller would be out of action for an indefinite period, but he seemed to be in top shape last night.

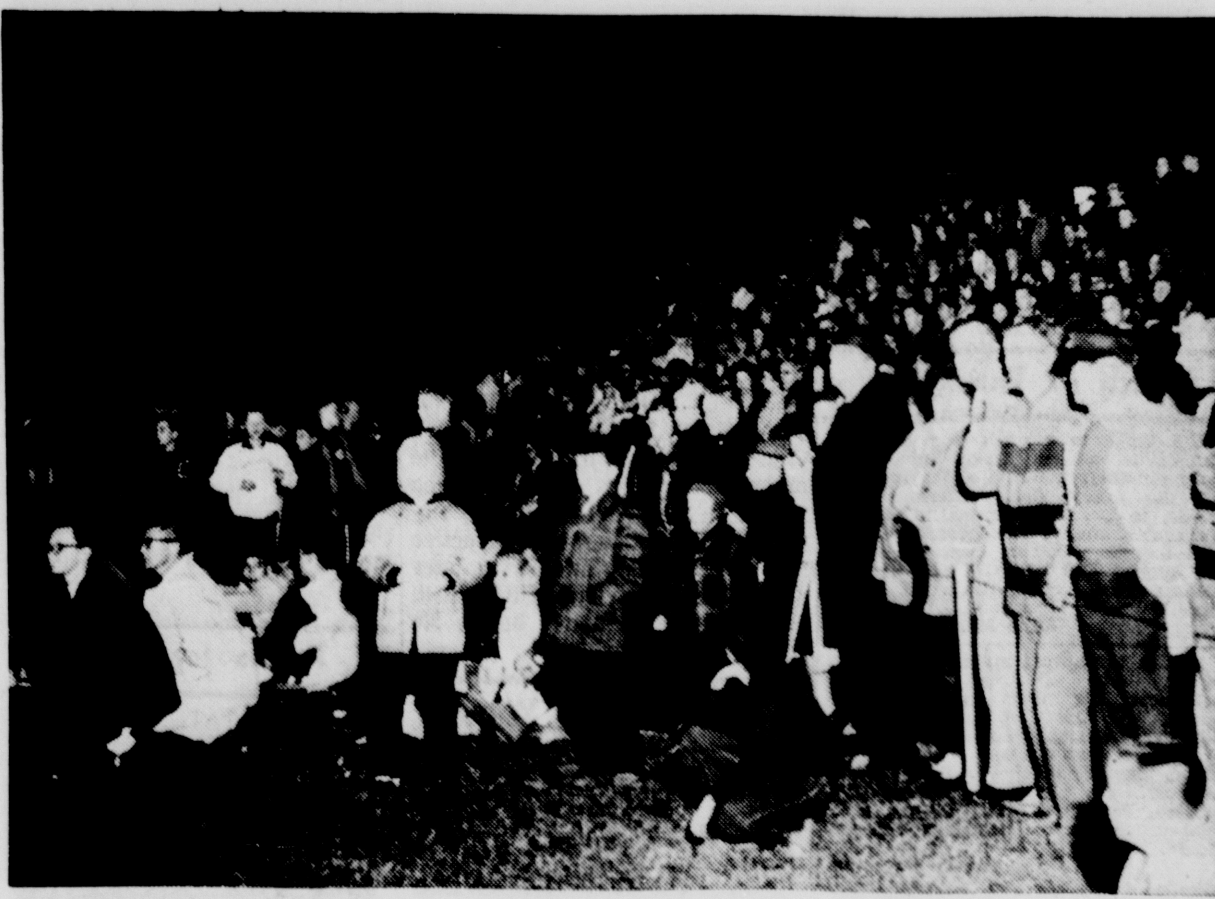

Roese looked like the top Viking both defensively and offensively, although he picked up several sizable losses on attempted passes when he could not get his receivers open in time.

The win was the 18th consecutive victory for the Tigers.

Next week they return to the Tiger athletic field for a three game home stand.

Friday they host Reynoldsburg. The following week the South Central Ohio League season opens with the appearance here of Pleasantview and on Oct. 4 the homestand will be climaxed when the Blue Lions of Washington C. H. invade Roundtown for the annual homecoming.

The Teays Valley press box was packed as tight as a sardine can during the first half of the game last night. Coach Bill Mosure and the Tiger publicity man Dave Amey finally left at the half time. It seems the two Tiger rooters were the only ones of their set on the south side of the field

Logan Elm Defeats Unioto, 28-0; Paces Scioto Loop

BRAVES CHARGE — An unidentified Logan Elm football player moves out past the line of scrimmage as Jim Hives (66) and Mike Clifton (50) come over to block him. The Braves downed Unioto 28-0.

OFFICIAL MARKS DOWN — An official charges in to mark the point where forward progress stopped in a game between Scioto Valley Conference rivals Logan Elm and Unioto. The Braves won the tilt, the second in loop competition. (Photos by Nelson Jones)

The Logan Elm Braves moved into a commanding lead in the Scioto Valley Conference last night, defeating Unioto 28-0 on the Chillicothe High School gridiron.

It was the second consecutive win for the Braves in the SVC. With five games remaining in conference play, the two wins give Logan Elm a decided advantage in the loop.

Logan Elm scored on runs of three yards, 54 yards, and eight yards and a 20-yard pass play.

Bob Stant tallied a pair of extra points after the first TD and Gabriel notched a pair following the payoff pass.

ARNIE GABRIEL the Braves veteran fullback headed the Logan Elm ground game, slashing off tackle and romping 54 yards for one touchdown.

In ten carries he gained a total of 156 yards. Right behind him in the running department was junior quarterback Jeff Lutz who ran for 74 yards in four carries.

Rich Shaw carried nine times, piling up 63 yards and Bob Stant carried 11 times gaining 62 yards. Jack Hatz averaged three yards a carry as he gained a total of nine yards.

The Braves racked up a total of 386 yards on the ground and through the air, gaining 15 first downs. They also had a pair of first downs by penalties.

The first Logan Elm TD came with ten minutes and 30 seconds remaining in the first period. Rick Shaw scored from the three yard line.

Shortly after the second period began Gabriel ripped off his long TD gallop. Seven minutes later Jeff Lutz uncorked a 20 yard pass

to end Louis Jordan for the third tally.

The final scoring effort came in the third quarter.

The Braves coach, Keith Merin, expressed disappointment in the defensive showing of his team.

"They were able to move the ball well against us," he reported. The Unioto unit completed six of ten passes for 60 yards. On the ground, the Braves' opponents gained 138 yards.

Logan Elm was penalized a total of 93 yards. Their opponents totaled nine first downs rushing, five passing and three by penalties.

Offensively he singled out the highlight of their play. He was not at all satisfied with the two of seven pass completion record Lutz had.

"WE SEEMED to have the receivers in the open but we just couldn't hit them," he said after the tilt.

Defensive standouts for the Braves were Larry Radabaugh at linebacker, Mike Temple at middle guard and Louie Jordan at end.

The Braves take a two week break from conference competition now as they host Sheridan next Friday and on the following week travel to Teays Valley for a game.

On Oct. 4 the Merrimack travel to Piketon. The Piketon Red Streaks and the Braves are tabbed by conference observers as the teams to beat.

Last night Paint Valley was handed a 48-6 thumping by Pike ton.

Rose Sparkles As Redlegs Lose to Cubs

CHICAGO (AP)—Pete Rose, the Cincinnati Reds' prize rookie, had three hits Friday as a bright spot in a 3-2 loss to the Chicago Cubs.

A Cincinnati boy who wasn't even on the Reds' roster this spring, Rose admits he has a lot to learn and insists he will.

"A lot of infielders are satisfied with hitting .260 or .270, but if I want to make money, and I do, I have to hit .300," he says.

Rose is past his lower target—Friday's hits brought his average up to .275 with 40 runs batted in.

The Reds scored first Friday Pitcher Joe Nuxhall followed up two walks and a force-out with a single to right, driving in a run. But Billy Williams tied the score with a home run in the third and the Cubs went ahead in the fifth inning on Williams' sacrifice fly.

In the seventh inning, Lindy McDaniel took over the Cubs' pitching after starter Paul Tost pitched an ankle. Eddio Kasko doubled Rose doubled and the score was 2-2.

The Cubs won in the eighth when Ron Santo singled, advanced on a sacrifice and scored on a single by rookie John Boeckel.

Maury Wills stole 17 bases in 19 attempts against the Pittsburgh Pirates last season.

All Cincy Royals Under Contract

CINCINNATI (AP)—The Cincinnati Royals have all their regulars under contract and are ready to start the 1963-64 grind.

The Big O—Oscar Robertson to people who don't follow National Basketball Association games — signed his contract Friday. Terms were not disclosed.

Robertson was the NBA's third leading scorer last season with 2,264 points for a 28.3 average.

While signing Robertson the Royals released six rookies. Four other rookies—including Jerry Lucas—were retained at the club's training camp at Lockbourne Air Force Base near Columbus. The others kept are Joe Roberts, another former Ohio State star; Mack Herndon from Bradley and Jay Arnette from Texas.

Dallas, St. Lu To Open NFL's 44th Season

By THE ASSOCIATED PRESS
The Dallas Cowboys, with the town to themselves and talking title, open the National Football League's 44th season tonight against St. Louis' crippled Cardinals.

An hour or so later the Detroit Lions rumble onto the field against the Rams in Los Angeles. The rest of the league swings into action in five games Sunday afternoon.

Dallas and Detroit are favored in the openers, the improving Cowboys by a touchdown and the tough Lions by two.

The Cowboys, the only pro team in town since the Texans moved their American Football League franchise to Kansas City, are rated one of the most likely contenders for the New York Giants' Eastern Division crown.

The Cardinals never have lost to the Cowboys, but they will be without the services of their top runner, John David Crow, out with a knee injury, and cornerback Bill Stacey, out with a fractured cheekbone.

The Rams, who did a lot of experimenting with their offense, managed only two victories in the exhibitions, and could have trouble with Detroit's rock-hard defense, led by linebacker Joe Schmidt.

Los Angeles finally has settled on Jon Arnett and Dick Bass as their running backs, but the quarterback situation is still a toss-up between rookie Terry Baker, Roman Gabriel and Zeke Bratkowski.

Sunday, Chicago faces the defending champions at Green Bay. New York is at Baltimore, Pittsburgh is at Philadelphia, Washington is at Cleveland and Minnesota is at San Francisco.

Babe Parilli and Tobin Rote, a couple of old-pro quarterbacks and one-time teammates, carry the brunt of the burden tonight as the Boston Patriots and San Diego Chargers match their 1-0 records in the American Football League's second week of play.

Houston and the Denver Broncos, each beaten in their opener a week ago, also are scheduled in Houston. The Buffalo Bills play the Raiders in Oakland Sunday in the only other AFL game scheduled this weekend.

San Diego's Tobin Rote and Boston's Babe Parilli, who alternated at quarterback for the Green Bay Packers in the early 1950's, led their teams to opening victories last weekend, each putting on an impressive passing performance.

San Diego beat Buffalo 14-10 as Rote connected on 15 of 29 passing attempts for 260 yards, while Parilli was 19 for 35 and 287 yards. Boston defeated New York 38-14.

Denver and Houston were far from impressive in their openers, the Broncos bowing to defending champion Kansas City 59-7 while the Oilers took a 23-14 licking by Oakland and lost running back Billy Cannon in the process.

Xavier To Open Its Grid Season

By THE ASSOCIATED PRESS
Xavier University's Musketeers, earlybirds as usual, open their 1963 football season tonight against the Quantico Marines, a team usually rich in former college talent.

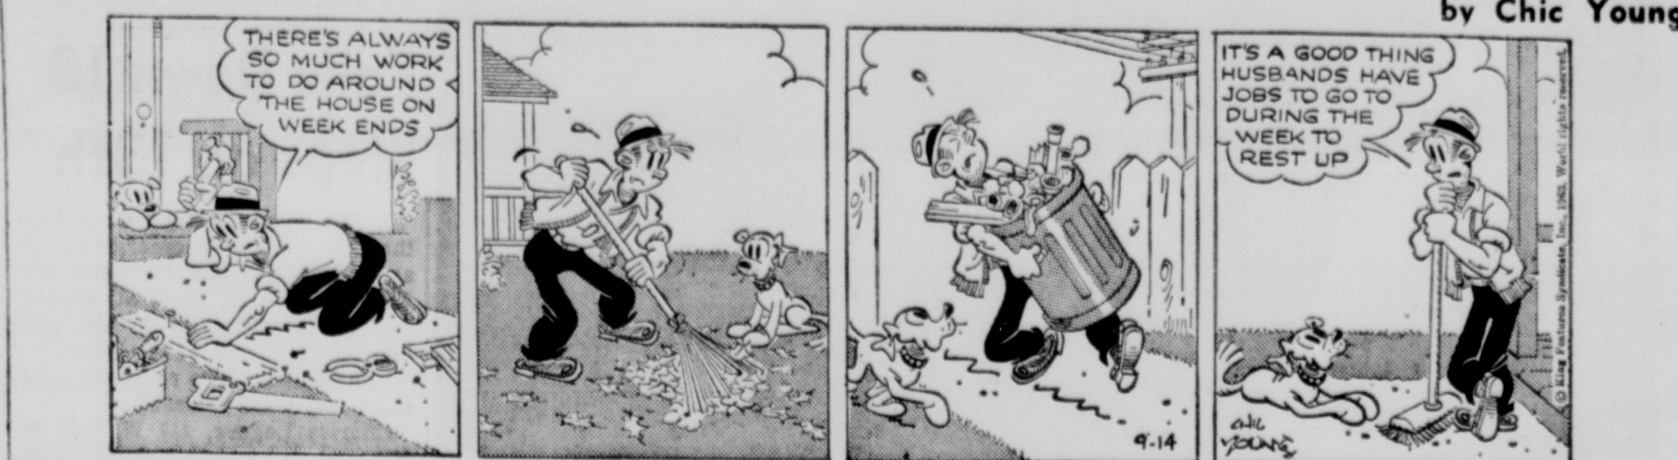

Four other Ohio college teams play today: Findlay at Hillsdale (Mich.); Alma (Mich.) at Bluffton; Hope (Mich.) at Albion and Northwood (Mich.) at Ohio Northern.

Xavier, 6-4 last season, has 10 lettermen starting. Heading the Quantico roster are quarterbacks at McCarthy from Holy Cross, Tom Singleton of Yale and Jack Wallace, a former Ohio State player.

Logan Elm Defeats Unioto, 28-0; Paces Scioto Loop

BRAVES CHARGE — An unidentified Logan Elm football player moves out past the line of scrimmage as Jim Hicks (66) and Mike Clifton (50) come over to block for him. The Braves downed Unioto 28-0.

OFFICIAL MARKS DOWN — An official charges in to mark the point where forward progress stopped in a game between Scioto Valley Conference rivals Logan Elm and Unioto. The Braves won the tilt, the second in loop competition.

The Logan Elm Braves moved into a commanding lead in the Scioto Valley Conference last night, defeating Unioto 28-0 on the Chillicothe High School gridiron.

It was the second consecutive win for the Braves in the SVC. With five games remaining in conference play, the two wins give Logan Elm a decided advantage in the loop.

Logan Elm scored on runs of three yards, 54 yards, and eight yards and a 20-yard pass play.

Bob Stant tallied a pair of extra points after the first TD and Gabriel notched a pair following the payoff pass.

ARNIE GABRIEL the Braves veteran fullback headed the Logan Elm ground game, slashing off tackle and romping 54 yards for one touchdown.

In ten carries he gained a total of 156 yards. Right behind him in the running department was junior quarterback Jeff Lutz who ran for 74 yards in four carries.

Rich Shaw carried nine times, piling up 63 yards and Bob Stant carried 11 times gaining 62 yards. Jack Hatz averaged three yards a carry as he gained a total of nine yards.

The Braves racked up a total of 386 yards on the ground and 286 through the air, gaining 15 first downs. They also had a pair of first downs by penalties.

The first Logan Elm TD came with ten minutes and 30 seconds remaining in the first period. Rick Shaw scored from the three yard line.

Shortly after the second period began Gabriel ripped off his long TD gallop. Seven minutes later Jeff Lutz uncorked a 20 yard pass

Rose Sparkles As Redlegs Lose to Cubs

CHICAGO (AP)—Pete Rose, the Cincinnati Reds' prize rookie, had three hits Friday as a bright spot in a 3-2 loss to the Chicago Cubs. A Cincinnati boy who wasn't even on the Reds' roster this spring, Rose admits he has a lot to learn and insists he will.

"A lot of infielders are satisfied with hitting .260 or .270, but I want to make money, and I do. I have to hit .300," he says.

Rose is past his lower target—Friday's hits brought his average up to .275 with 40 runs batted in. The Reds scored first Friday. Pitcher Joe Nuxhall followed up two walks and a force-out with a single to right, driving in a run. But Billy Williams tied the score with a home run in the third and the Cubs went ahead in the fifth inning on Williams' sacrifice fly.

In the seventh inning, Lindy McDaniel took over the Cubs' pitching after starter Paul Tolt sprained an ankle. Eddi Kasko doubled Rose doubled and the score was 2-2.

The Cubs won in the eighth when Ron Santo singled, advanced on a sacrifice and scored on a single by rookie John Boclabella.

Maury Wills stole 17 bases in 19 at-bats against the Pittsburgh Pirates last season.

Dallas, St. Lu To Open NFL's 44th Season

By THE ASSOCIATED PRESS
The Dallas Cowboys, with the town to themselves and talking title, open the National Football League's 44th season tonight against St. Louis' crippled Cardinals.

An hour or so later the Detroit Lions rumble onto the field against the Rams in Los Angeles. The rest of the league swings into action in five games Sunday afternoon.

Dallas and Detroit are favored in the openers, the improving Cowboys by a touchdown and the tough Lions by two.

The Cowboys, the only pro team in town since the Texans moved their American Football League franchise to Kansas City, are rated one of the most likely contenders for the New York Giants' Eastern Division crown.

The Cardinals never have lost to the Cowboys, but they will be without the services of their top runner, John David Crow, out with a knee injury, and cornerback Bill Stacey, out with a fractured cheekbone.

The Rams, who did a lot of experimenting with their offense, managed only two victories in the exhibitions, and could have trouble with Detroit's rock-hard defense, led by linebacker Joe Schmidt.

Los Angeles finally has settled on Jon Arnett and Dick Bass as their running backs, but the quarterback situation is still a toss-up between rookie Terry Baker, Roman Gabriel and Zeke Bratkowski.

Sunday, Chicago faces the defending champions at Green Bay. New York is at Baltimore, Pittsburgh is at Philadelphia, Washington is at Cleveland and Minnesota is at San Francisco.

Babe Parilli and Tobin Rote, a couple of old-pro quarterbacks and one-time teammates, carry the brunt of the burden tonight as the Boston Patriots and San Diego Chargers match their 1-0 records in the American Football League's second week of play.

Houston and the Denver Broncos, each beaten in their opener a week ago, also are scheduled in Houston. The Buffalo Bills play the Raiders in Oakland Sunday in the only other AFL game scheduled this weekend.

San Diego's Tobin Rote and Boston's Babe Parilli, who alternated at quarterback for the Green Bay Packers in the early 1950's, led their teams to opening victories last weekend, each putting on an impressive passing performance.

San Diego beat Buffalo 14-10 as Rote connected on 18 of 29 passing attempts for 260 yards, while Parilli was 19 for 35 and 287 yards. Boston defeated New York 38-14. Denver and Houston were far from impressive in their openers, the Broncos bowing to defending champion Kansas City 59-7 while the Oilers took a 23-14 licking by Oakland and lost running back Billy Cannon in the process.

CHARTER MEMBERS — These three bandmen are not only charter members of the Pickaway County 4-H Marching Band, but members of the organizing committee. The band plans to participate in Pumpkin Show parades. Pictured left to right are Drexel Poling, flute; Linda Minor, clarinet; and David Schein, trumpet.

Organization Of 4-H Band Is Under Way

The Pickaway County 4-H Band now being organized probably won't have the celebrated "76 trombones". But in a music-minded county such as this one, with 946 4-H members who attend schools where band is a popular extra-curricular activity, the band organizing committee feels it could have quite a large trombone section along with all of the other instruments needed to form an impressive band in both size and quality.

Members of the committee laying the ground work, selecting and trying music, contacting and being contacted by interested 4-H musicians, are Drexel Poling, David Schein, Linda Minor and Bob Hines.

The band will be self governing with assistance from an adult advisory committee made up of Mr. and Mrs. Ralph Dunkle, Mrs. Sterling Poling, Billy Rhil and Mr. and Mrs. Paul Schein.

In order to have a group ready to perform during Pumpkin Show, the band will be organized in three stages. Rehearsals will begin immediately for the first group made up of older 4-H members who have had previous marching experience. As soon as this group is able to work as a unit, other 4-H musicians who have not had marching experience will be added. Beginning Jan. 1, non 4-H members who wish to take a band as a 4-H project in 1964 may join the group.

The first reading rehearsal and marching practice will be held at the 4-H Grange Building on the Fairgrounds on Sunday afternoon, Sept. 22. Future rehearsal times will be set at that initial meeting. The organizing committee is urging all who are interested to attend this rehearsal. They also ask that the members bring their music stands as well as their instruments.

Yegg Loses 30 Cents On School Safe Job

FAYETTEVILLE, Ark. (AP)—It cost a safecracker money to rob a safe at Farmington High School, five miles west of Fayetteville, on Friday.

Sgt. Tommy Goodwin of the state police said three dimes were found on the floor near a window through which the robber entered.

He got the safe open, but it was empty.

Wood Counting Is 100

BOWLING GREEN, Ohio (AP)—Mrs. Richard Courtney of Grand Rapids in Wood County celebrated her 100th birthday anniversary Friday Mrs. Courtney was born near Fremont.

Falls Down 13 Steps on 13th

A fall down 13 steps on Friday the 13th resulted in emergency aid at Berger Hospital for Jack Morgan, 42, 160 1/2 W. Main St. He lacerated his upper lip in the mishap that occurred at his home.

The following also received treatment and were released:
Charles Lagore, 117 W. Mill St. fell and injured his back while working at the Ralston Purina Co.
Lynn Haffey, 8, 464 N. Court St., tripped and fell at High Street School lacerating her chin.

Cindy Baldwin, 4, daughter of Mr. and Mrs. Kenneth Baldwin, Route 1, Stoutsville, suffered a laceration to her forehead when she was kicked by a pony.

U.S. Jury Ponders Bribery Accusation

DAYTON, Ohio (AP)—The case of Emanuel M. Siegel, New Yorker charged with trying to bribe a government employee at Wright-Patterson Air Force Base, is in the hands of a federal grand jury Siegel, 57, arrested by the FBI Aug. 27, was bound over to the grand jury Friday. He was apprehended after he met Charles Lopez, chief of Wright-Patterson's electronic warfare branch, at Dayton's airport.

Siegel represented Loral Electronics of the Bronx, N.Y., which was bidding on a \$9.5 million contract at Wright-Patterson. The FBI said Lopez had informed it a bribe attempt would be made.

Gray Ladies List Chairmen

Members of the Pickaway County Gray Lady unit met recently and division chairmen were appointed.

Chairmen named included Bianca Wyllie, private homes; Amelia Garner, Berger Hospital; Margaret Dean, Chillicothe VA Hospital; Rebecca Young, Home and Hospital; Ann White, Needy children; and Maisie Lanman was named secretary.

It was announced the next meeting would be held Nov. 4, at the Red Cross offices, 167 Watt St.

The unit is still seeking new members. Interested persons are asked to call Mrs. Wyllie at GR 4-2826 or the Red Cross office at GR 4-5736.

Deaths

MRS. LENORA G. WILSON

Mrs. Lenora Gatwood Wilson, 67, of Route 1, Kingston, died 1:35 a. m. today in Chillicothe Hospital.

She was born April 9, 1896 in Ross County the daughter of Edward and Laura Nungesser.

Mrs. Wilson was a member of the Free Holiness Mission, Chillicothe.

Surviving are her husband, Melvin Wilson; two sons, Lloyd Wilson, Route 4; Nolan Wilson, Route 1, Kingston; one daughter, Miss Lillie Mae Wilson, Route 1, Kingston; two grandchildren; one great - grandchild; two half-sisters, Lucille Tatman and Nolene Gentry, both of Columbus; three brothers, Raymond Myers, Circleville; Edward Myers and Homer Myers, both of Columbus.

Services will be 2:30 p. m. Tuesday at the Hill Funeral Home, Kingston, with the Rev. Donald King officiating. Burial will be in White Churches Cemetery. Friends may call at the funeral home beginning 4 p. m. tomorrow.

Mowery Named ASC Chairman

Galen D. Mowery, Route 3, has again been named chairman of the Pickaway County Agriculture, Stabilization and Conservation Committee.

Voting was conducted Friday during the County ASC Convention. Mowery and other committeemen elected will serve during 1963-64. They assume office Oct. 1.

Marvin G. Steely, Route 4, was elected vice chairman. The third committee member position went to Paul T. Moore, Williamsport. J. M. Dountz, Route 1, Orient, was named first alternate and George Stump, Route 2, Ashville, second alternate.

The committeemen were chosen by delegates from each township following their election by all ASC members.

HST Sure Young To Run Again

CLEVELAND (AP)—Former President Harry S. Truman predicted Friday night that Ohio Sen. Stephen M. Young will run for reelection in 1964. Young has been noncommittal.

Truman flew here from Kansas City. He'll be one of the top attractions tonight at an "appreciation dinner" for Young.

Asked by newsmen if he thought Young would run again, Truman replied:

"Why, I wouldn't have come all this way if I didn't think so."

Truman said President Kennedy has "done a good job, but you can't judge a president until he's been in office six years. I don't think his civil rights program will hurt him."

It Freezes in Pandora

COLUMBUS, Ohio (AP)—The Weather Bureau reports that the first sub-freezing temperature in Ohio this late summer was recorded Friday night in Pandora where the mercury dipped to 31.

Kiwanis Club Speaker Is Don Humphrey

Don Humphrey, operator of the Kingston Flo-Lizer plant, will recount his experiences with the Chinese Communists in the Malay jungle Monday at the Circleville Kiwanis Meeting.

Humphrey, an Army Airforce lieutenant colonel during World War II, was piloting a B-29 that was seriously damaged during a bombing raid over Japanese military installations during the war.

The crew of the plane was forced to bail out over the dense Malay-jungle, and for nine months they were hidden from the Japanese by various Chinese communist villages.

DON HUMPHREY

A graduate of the University of Iowa, he is married to the former Patty McGinnis, daughter of Mrs. Paul McGinnis, 464 E. Main St.

Following his discharge from the airforce he was engaged in the insurance business in California and later in Kingston.

The Flo-Lizer fertilizer manufacturing operation was started by Humphrey in Kingston. It was one of the earliest liquid fertilizer operations in the country.

Girlfriend Held In Fatal Shooting

VAN WERT, Ohio (AP)—A 23-year-old man was fatally shot early today while in the process of moving his residence from Fort Wayne, Ind., to the Convey area of Van Wert County.

Sheriff W. L. Clay said Susan Creech, 21, of Fort Wayne evidently had fired the pistol slug that hit Robert Grimes, 23, in the back and killed him instantly. She was held without charge.

Sheriff Clay's investigation indicated that Grimes, after going to Fort Wayne to get his last load of household goods, arrived unexpectedly at his new abode in Tully Twp. The woman, described as Grimes' girlfriend, told officers she was startled by the noise, turned around quickly — with a loaded pistol in her hand—and the gun discharged.

Art Foll's Condition Still Listed as 'Poor'

Art Foll, 8, of 156 W. Water St., who was seriously injured in a bicycle-truck collision Aug. 27 is still listed in "poor" condition by authorities at Children's Hospital, Columbus, where he is a patient in the intensive care unit.

He is still unconscious according to the hospital report.

The youth is the son of Mr. and Mrs. Bob Foll.

Viet Nam First Lady Sobs At Idea of Losing U.S. Aid

BELGRADE, Yugoslavia (AP)—Mrs. Ngo Dinh Nhu turned from smiles to tears at a news conference today while talking about reports that the United States might cut off aid to South Viet Nam.

"You have no right to drop it," she said looking at American reporters. "You will lose the confidence of the world."

She said she believed South Viet Nam, troubled by a Communist guerrilla war and a Buddhist religious crisis, would welcome a U.N. inquiry into the latter. But she said she doubted the U.N. membership would approve of one.

The question of a U.N. inquiry was raised at the 61-man inter-parliamentary Union Conference Friday by the delegate from Ceylon. He asked if South Viet Nam would permit the investigation. Mrs. Nhu was not permitted to answer from the floor, because of conference rules.

But she told the news conference the government of her brother-in-law, President Ngo Dinh Diem, no doubt would accept an investigation. "I think it would be good," she said. "Viet Nam has nothing to hide. To the contrary, it is in the interest of Viet Nam to show."

Discussing this, Mrs. Nhu was all smiles. But when the topic of U.S. aid came up she was overcome by emotion. Tears began to well up in her eyes when she said that she had heard reports that the United States might cut off aid to her southeast Asian country.

"Just now when victory is so near, these voices increase," she said.

Rep. Frank Church, D-Idaho introduced a resolution in Washington Thursday calling for the halt of all U.S. aid to South Viet Nam until the government abandons what he called "policies of repression" against the Buddhists who claim they are discriminated against by Diem, a Roman Catholic.

President Kennedy reacted gently to the resolution at his news conference that same day. He said U.S. policy in South Viet Nam is to continue aid in order to defeat the Communist guerrillas, the Viet Cong.

A majority of the 20 team members of the 1963 American Mt. Everest Expedition developed their skills in Mt. Rainier and Grand Teton National Parks.

U.S. Jury Ponders Bribery Accusation

DAYTON, Ohio (AP)—The case of Emanuel M. Siegel, New Yorker charged with trying to bribe a government employee at Wright-Patterson Air Force Base, is in the hands of a federal grand jury.

Siegel, 57, arrested by the FBI Aug. 27, was bound over to the grand jury Friday. He was apprehended after he met Charles Lopez, chief of Wright-Patterson's electronic warfare branch, at Dayton's airport.

Siegel represented Loral Electronics of the Bronx, N.Y., which was bidding on a \$9.5 million contract at Wright-Patterson.

The FBI said Lopez had informed it a bribe attempt would be made.

Joseph G. Cannon, director of treatment services in the Ohio Division of Corrections, was appointed Kentucky corrections commissioner Friday.

He succeeds Carlos Oakley, who resigned earlier this year. No salary was announced but Oakley drew \$15,000 a year.

HAMILTON, Ohio (AP)—Jim Comstock, editor of the West Virginia Hillbilly, a weekly newspaper published in Richwood, W. Va., will receive the annual O'Tucks folklore award at a banquet here tonight.

The O'Tucks are a group of Kentucky-Born Ohio residents devoted to creating better understanding between the two states.

CLEVELAND, Ohio (AP)—A common pleas court judge has halved the huge bond set for Amil A. Dinsio of Youngstown, charged with burglarizing a Columbus supermarket last week. Dinsio's attorney said efforts are under way in Youngstown to raise the funds.

Dinsio was being held in lieu of \$200,000 bond, the largest ever set in Franklin County. Judge George B. Marshall reduced it to \$100,000 Friday. Dinsio also is under indictment in Mahoning County and Hancock County, W. Va.

LIMA, Ohio (AP)—Some Allen County young people will get an assist in their education from a new scholarship fund created at the Lima branch of Ohio State University. They can thank 80,000 county residents who took part in a Sabin oral polio vaccine program last year.

An Allen County Sabin Scholarship Fund has been established at the school by the Lima and Allen County Academy of Medicine and the Lima branch of the Northwestern Ohio Pharmaceutical Association. The fund has \$11,324 collected in 25-cent donations during the vaccine program.

CLEVELAND (AP)—An executive of Blue Cross of Northeast Ohio says two men beat and robbed him and left him unconscious in Mayfield Heights. He is James A. Berne, 50, executive director. Berne was listed in satisfactory condition in a Willoughby hospital Friday night with face and

head cuts. A motorist found Berne early Friday.

HAMILTON, Ohio (AP)—Hamilton Airport is going to get a runway capable of handling small jet planes and executive-type aircraft used by industries.

William Beckett, president of the Hamilton Association of Trade and Industry, says local industries are providing money for a 4,500-foot runway, a radio homing beacon and various other equipment at the family-owned airfield.

FRANKLIN, Ohio (AP)—A 27-year-old Franklin woman missing since Sept. 3 may be in Indiana, police say.

Mrs. Bessie Abrams disappeared almost two weeks ago and authorities have been dragging the Miami River. Police said Friday someone telephoned Mrs. Abrams' brother from Indiana, told him she was there—and hung up without giving him identity.

FAIRFIELD, Ohio (AP)—Any good ideas for a city seal? This Butler County community of about 10,000 is starting a contest next week to select an official seal.

The prize is a \$100 savings bond and entries will be accepted until 5 p. m., Oct. 11. There's just one catch—it's for residents only.

It Freezes in Pandora

COLUMBUS, Ohio (AP)—The Weather Bureau reports that the first sub-freezing temperature in Ohio this late summer was recorded Friday night in Pandora where the mercury dipped to 31.

Gray Ladies List Chairmen

Members of the Pickaway County Gray Lady unit met recently and division chairmen were appointed.

Chairmen named included Bianca Wyllie, private homes; Amelia Garner, Berger Hospital; Margaret Dean, Chillicothe VA Hospital; Rebecca Young, Home and Hospital; Ann White, Needy children and Maisie Lammann was named secretary.

It was announced the next meeting would be held Nov. 4, at the Red Cross offices, 167 Watt St.

The unit is still seeking new members. Interested persons are asked to call Mrs. Wyllie at GR 4-2826 or the Red Cross office at GR 4-5736.

Deaths

MRS. LENORA G. WILSON

Mrs. Lenora Gatwood Wilson, 67, of Route 1, Kingston, died 1:35 a. m. today in Chillicothe Hospital.

She was born April 9, 1896 in Ross County the daughter of Edward and Laura Nungester.

Mrs. Wilson was a member of the Free Holiness Mission, Chillicothe.

Surviving are her husband, Melvin Wilson; two sons, Lloyd Wilson, Route 4; Nolan Wilson, Route 1, Kingston; one daughter, Miss Lillie Mae Wilson, Route 1, Kingston; two grandchildren; one great-grandchild; two half-sisters, Lucille Tatman and Nolene Gentry, both of Columbus; three brothers, Raymond Myers, Circleville; Edward Myers and Homer Myers, both of Columbus.

Services will be 2:30 p. m. Tuesday at the Hill Funeral Home, Kingston, with the Rev. Donald King officiating. Burial will be in White Churches Cemetery.

Friends may call at the funeral home beginning 4 p. m. tomorrow.

Mowery Named

ASC Chairman

Galen D. Mowery, Route 3, has again been named chairman of the Pickaway County Agriculture, Stabilization and Conservation Committee.

Voting was conducted Friday during the County ASC Convention. Mowery and other committeemen elected will serve during 1963-64. They assume office Oct. 1.

Marvin G. Steely, Route 4, was elected vice chairman. The third committee member position went to Paul T. Moore, Williamsport.

J. M. Dountz, Route 1, Orient, was named first alternate and George Stump, Route 2, Ashville, second alternate.

The committeemen were chosen by delegates from each township following their election by all ASC members.

HST Sure Young

To Run Again

CLEVELAND (AP)—Former President Harry S. Truman predicted Friday night that Ohio Sen. Stephen M. Young will run for reelection in 1964. Young has been noncommittal.

Truman flew here from Kansas City. He'll be one of the top attractions tonight at an "appreciation dinner" for Young.

Asked by newsmen if he thought Young would run again, Truman replied:

"Why, I wouldn't have come all this way if I didn't think so."

Truman said President Kennedy has "done a good job, but you can't judge a president until he's been in office six years. I don't think his civil rights program will hurt him."

Art Foll's Condition

Still Listed as 'Poor'

Art Foll, 8, of 156 W. Water St. who was seriously injured in a bicycle-truck collision Aug. 27 is still listed in "poor" condition by authorities at Children's Hospital, Columbus, where he is a patient in the intensive care unit.

He is still unconscious according to the hospital report.

The youth is the son of Mr. and Mrs. Bob Foll.

Kiwanis Club Speaker Is Don Humphrey

Don Humphrey, operator of the Kingston Flo-Lizer plant, will recount his experiences with the Chinese Communists in the Malay jungle Monday at the Circleville Kiwanis Meeting.

Humphrey, an Army Airforce lieutenant colonel during World War II, was piloting a B-29 that was seriously damaged during a bombing raid over Japanese military installations during the war.

The crew of the plane was forced to bail out over the dense Malay jungle, and for nine months they were hidden from the Japanese by various Chinese communist villages.

He will speak at the meeting at 8 p. m. Monday at the Kiwanis Club.
